

EASY ADMIN GUIDE

MANGO!

Easy Admin Page Guide

Class schedule · student payments · teacher payroll — just follow the red numbers in each picture.

For directors and staff using the admin page for the first time

Who is this guide for?

It is for anyone opening the admin page for the first time.

No hard words. Only the things you use most.

A red number in a picture = the same number in the steps beside it. Press them in order.

Signing in

Type the address and your ID. That is all.

The screen

Menu on the left, content in the middle. Just two parts.

Finding things

Do not dig through menus. Type one word.

Class schedule

Who teaches when — all on one page.

Student payments

See who paid and how much, right away.

Teacher payroll

Counts the month's classes and works out pay for you.

Finishing

When you are done, always sign out.

One thing per page. No need to read it all today.

01

Getting in (signing in)

Type the address · enter your ID · go in

The first job is getting into the admin page. It is easy. After three times your hands will remember.

Do this

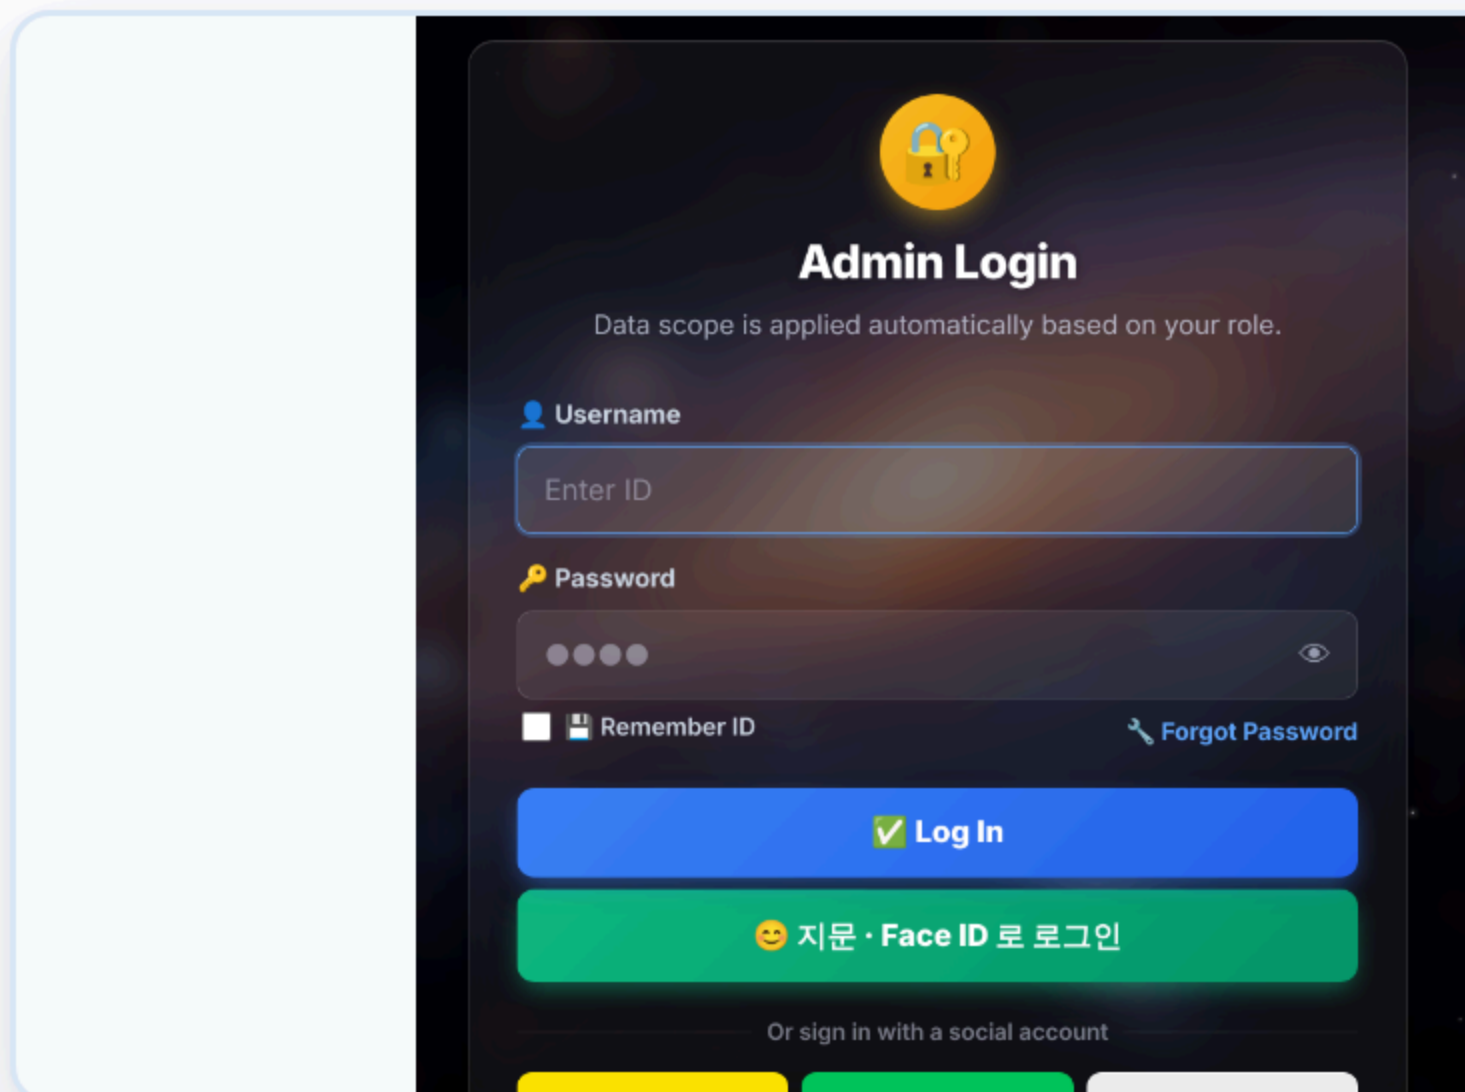

- 1 Open Chrome. That is your internet window.
- 2 Type mangoi.ai/admin in the address bar at the top and press Enter.
- 3 Enter your ID and password.
- 4 Press the blue "Log In" button.

Just remember

- Forgot your password? Press "Forgot Password". Six digits come by text message.
- You only see screens for your own job, so do not worry about pressing the wrong thing.

Be careful · On a shared computer, always sign out when you finish.

Easy way · Tired of typing the address? Press the star (bookmark). Next time it is one click.

02

What the screen looks like

Menu on the left · content in the middle

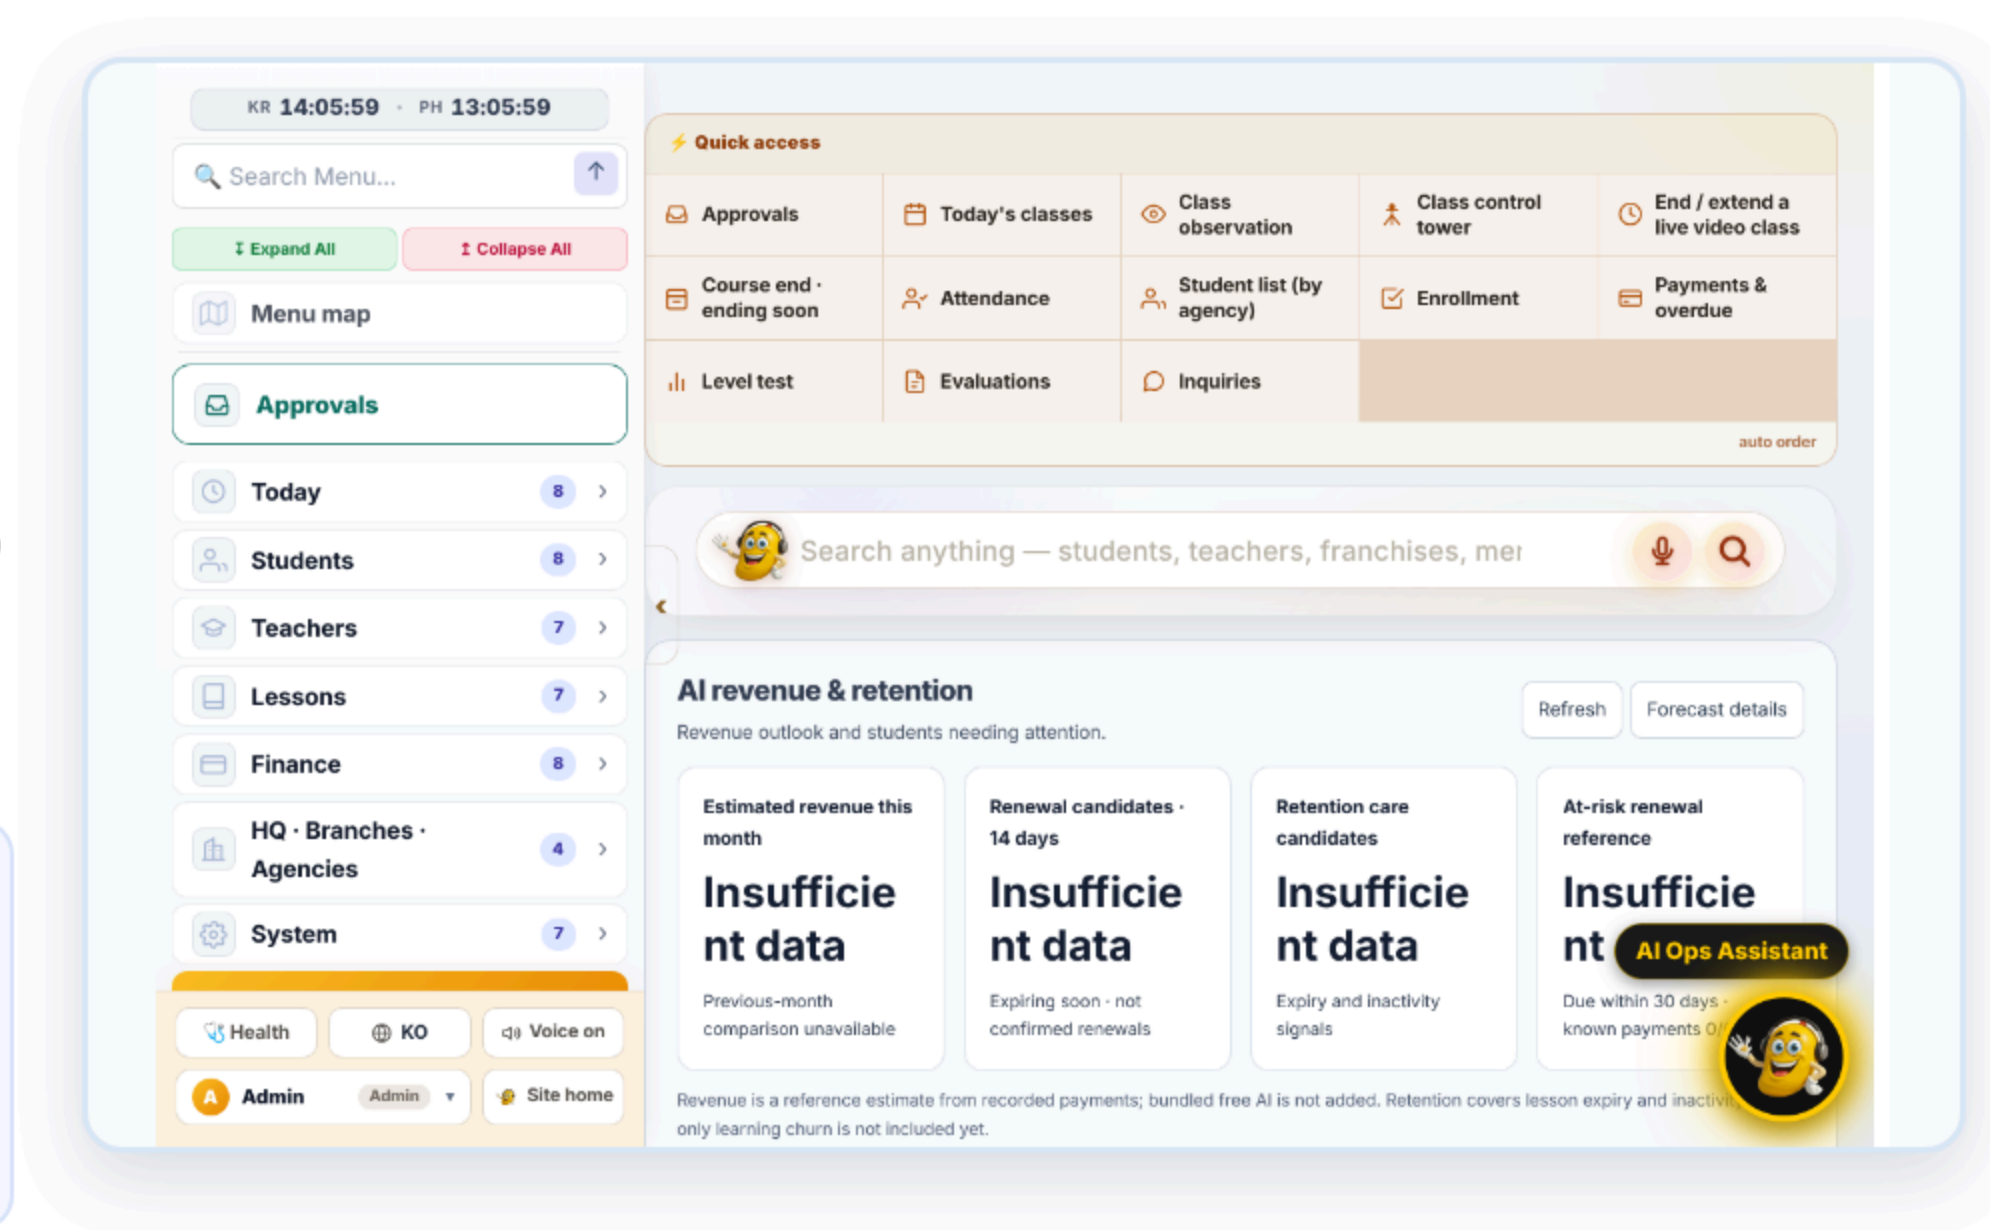

The screen has only two big parts. Know these and you will not get lost.

Do this

- 1 The column on the left is the menu: Today · Students · Teachers ... 7 groups.
- 2 Press a group to open the menus inside it.
- 3 Press a menu and its content appears in the middle.
- 4 Lost? Press "Home" at the top of the middle. You go back to the start.

Just remember

- The number next to a menu name is how many items are inside.
- At the bottom left are your account and the "Site home" button.
- On a small screen the left menu folds away. Press ≡ to bring it back.

Easy way · Press "Menu map" above the menu to see every menu on one page.

03

Finding what you need, fast

Do not dig through menus — type one word

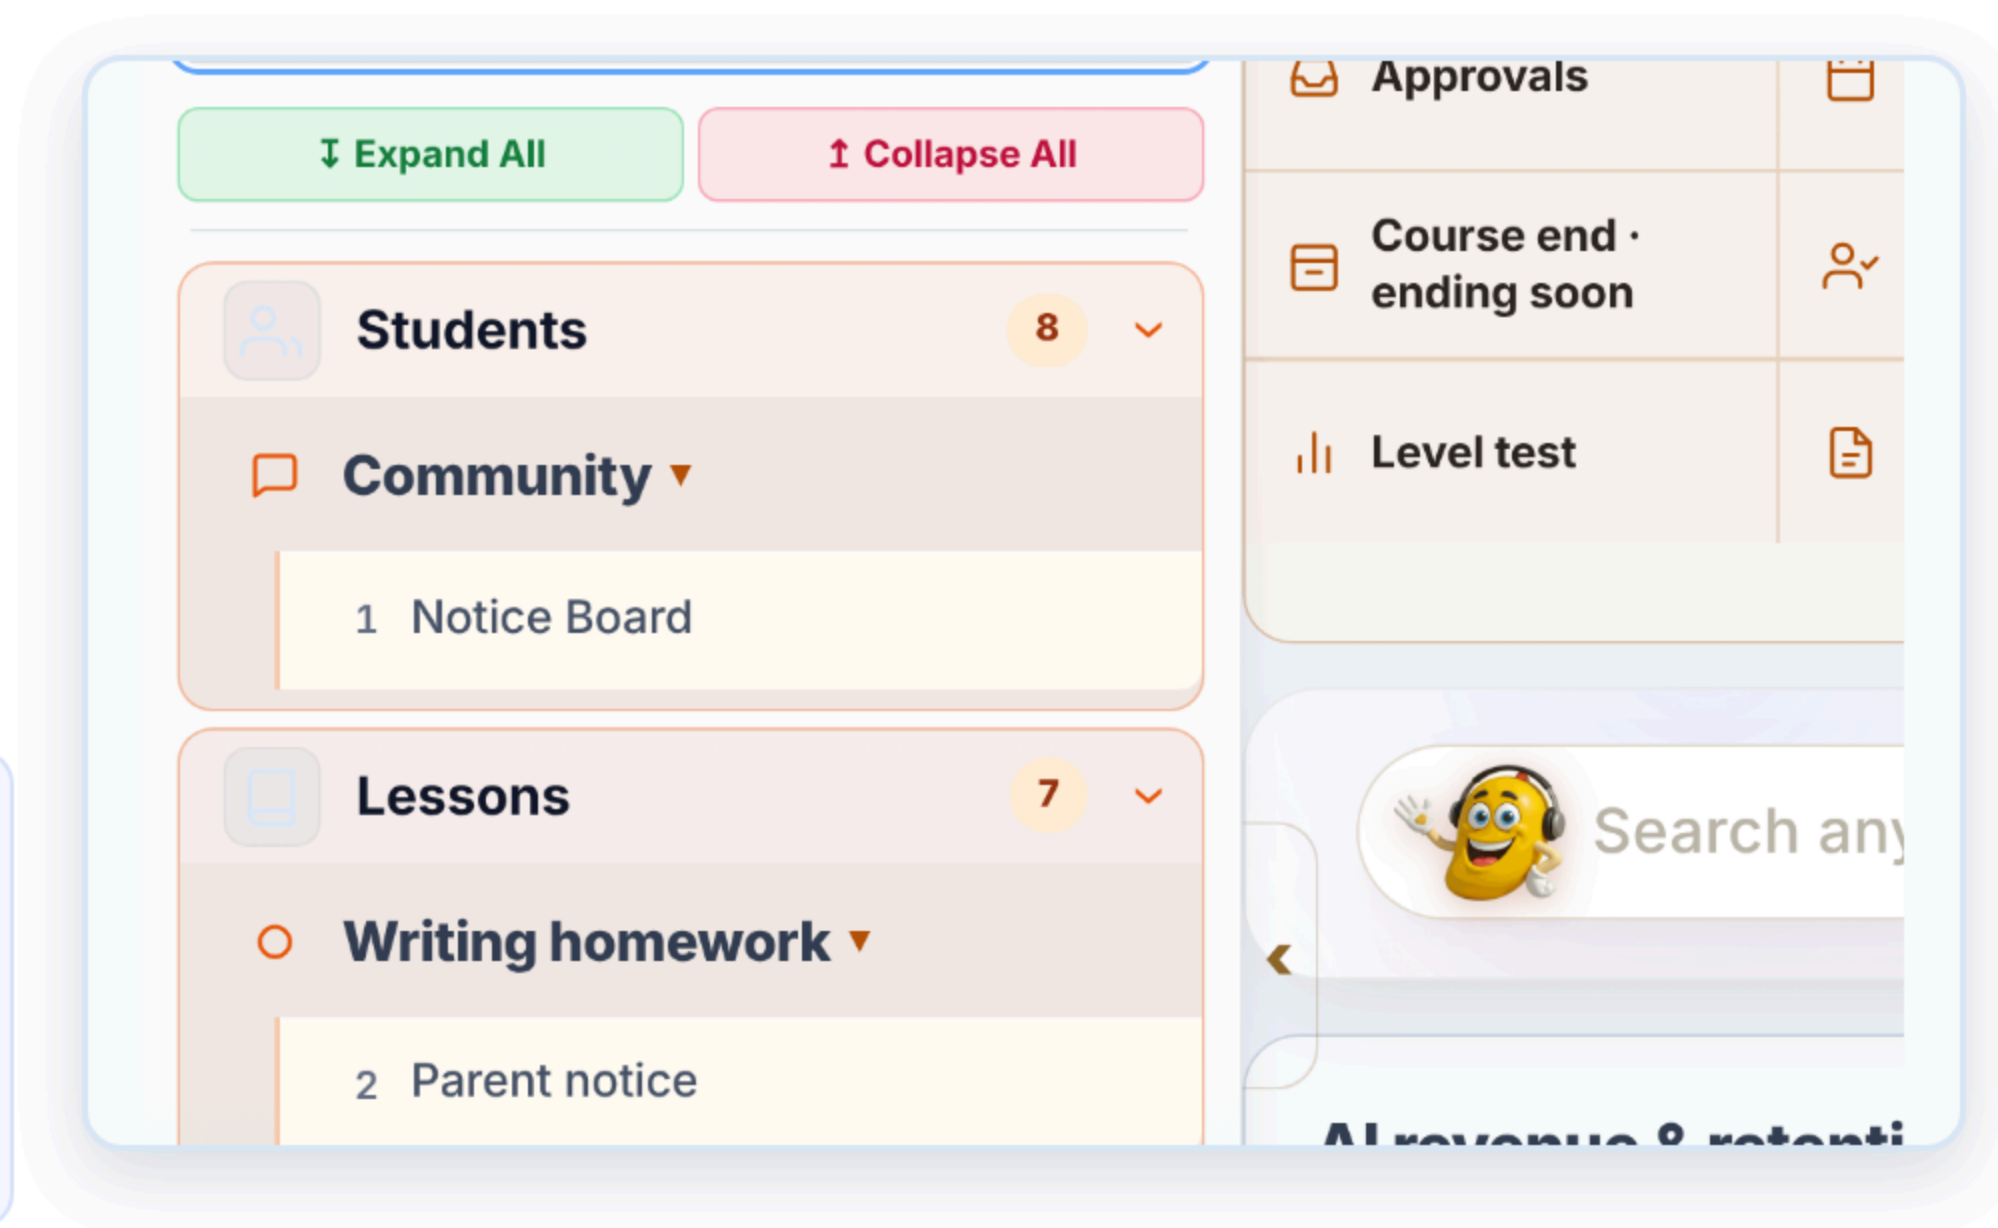

Do not open menus one by one. Type one word in the search box and it appears.

Do this

- 1 Click the "Search Menu..." box at the very top left.
- 2 Type just one word. (notice · attendance · payroll ...)
- 3 Press the menu you want from what is left.

Just remember

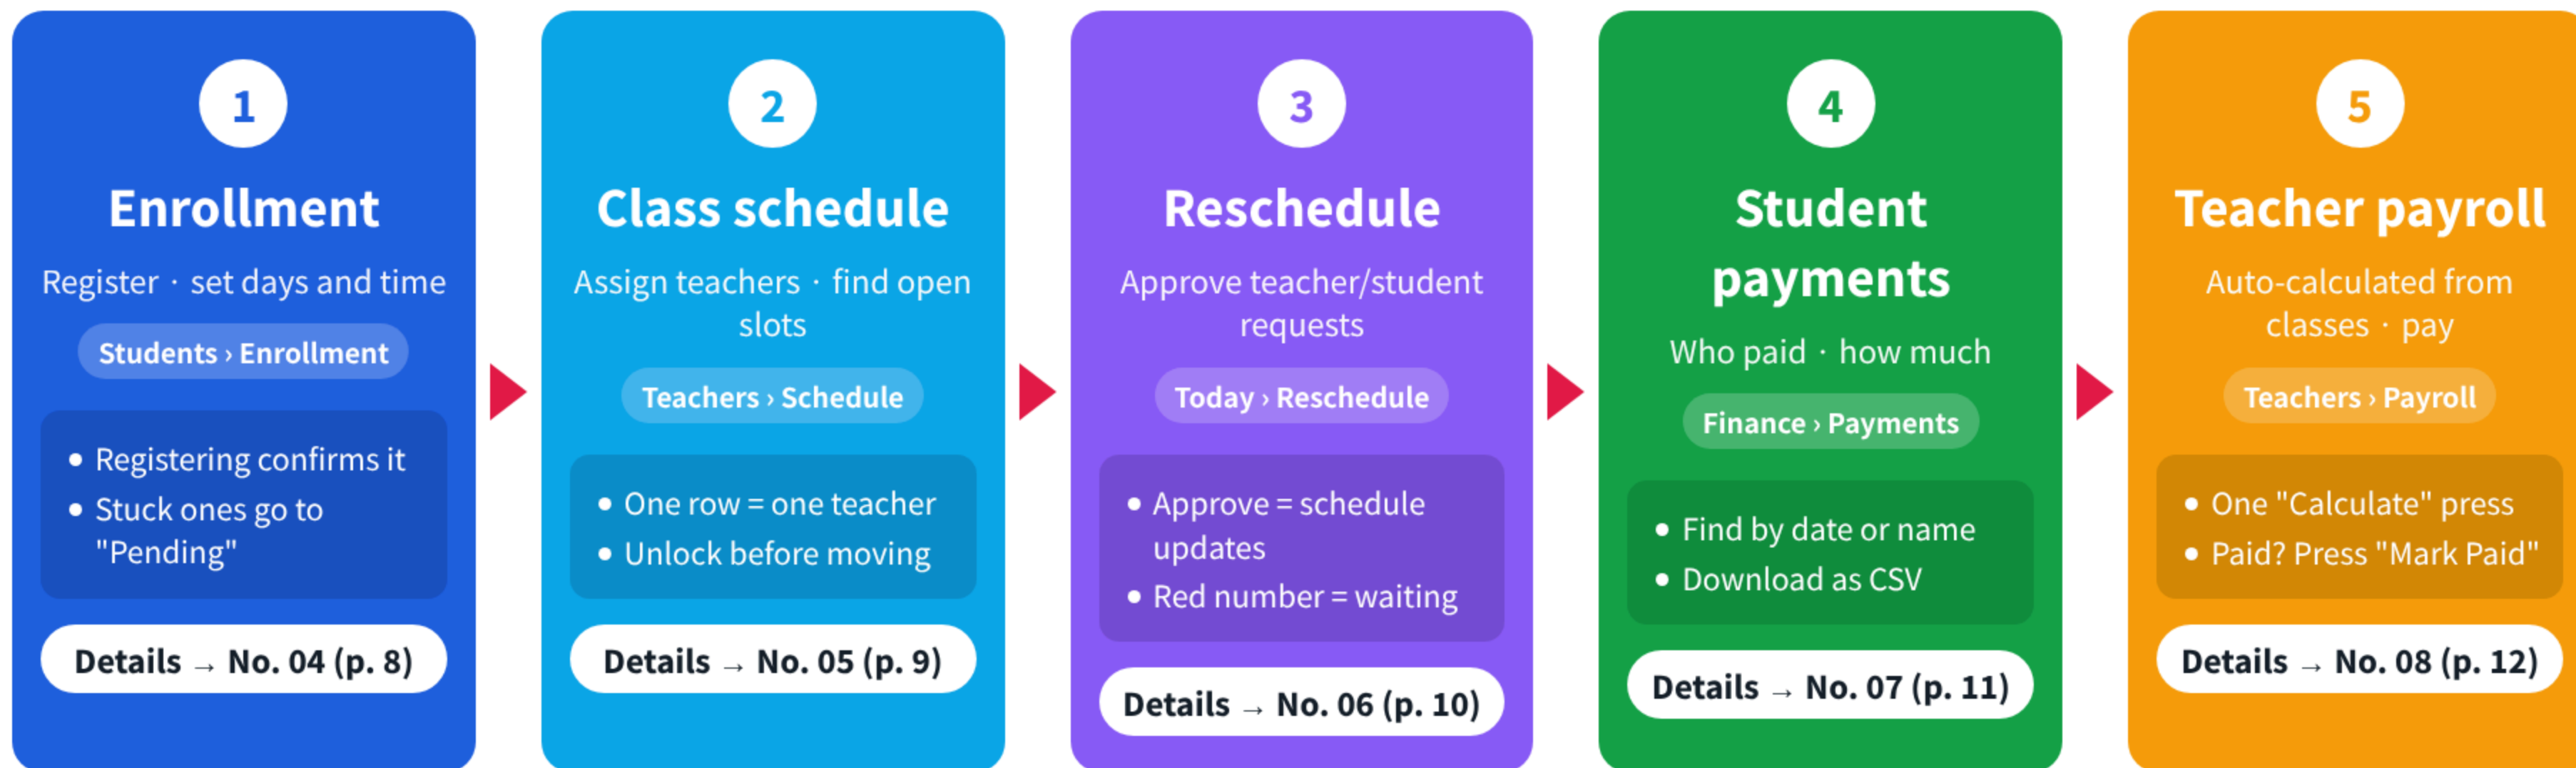

- Do not type a whole sentence. One word finds best.
- The "Unified search" in the middle also finds student and teacher names.
- Delete the word and the menu goes back to normal.

Easy way · Not sure what to press? Just type what you want to do.

What an admin does every day — at a glance

When a student joins, the work flows in this order. The next pages show each one with pictures.

If you get mixed up, remember this order — enroll → schedule → change → payment → payroll

04

Taking enrollments and creating classes

Menu · Students › Enrollment › Enrollment management

Register a new student here. Once registered it is confirmed and the classes go into the schedule by themselves.

The screenshot shows the 'Enrollment management' page. On the left is a sidebar with a search menu, menu map, and various navigation links. The main content area has a top bar with 'Back' and 'Home' buttons. Below this is a section titled 'How to register classes' with a 4-step process: 1. Enrollment menu (this screen), 2. Download a form (Excel, Word or KakaoTalk), 3. Fill it in (by the academy or parent), 4. Upload the form (then press «Register all»). Below the process is a 'Download Form' section with options for Excel, Word, and KakaoTalk. To the right is an 'Upload Form' section with a 'Choose File' button and a 'KakaoTalk' section with a text area and an 'Upload' button. At the bottom is a table with columns: CREATED, STUDENT, PACKAGE, MONTHLY FEE, STATUS, and ACTIONS. The table has two rows. The first row has a status of 'Pending' and a 'Not confirmed' button. The second row has a status of 'Confirmed' and a 'Not confirmed' button. Red callouts 1-4 point to specific elements: 1 points to the '+ Add Enrollment' button, 2 points to the 'Pending 3' status indicator, 3 points to the 'Download Form' section, and 4 points to the 'Not confirmed' button in the table.

Follow the red numbers in the picture

- 1 Open "+ Add Enrollment", fill in ID · level · days · time · start date · length, and register.
- 2 Use the view box to pick "Pending / Confirmed" and narrow the list.
- 3 The "Pending" number = enrollments that could not be confirmed. Look at these first.
- 4 Press "▶ Not confirmed" to see why it is stuck. Fix it, then confirm again.

Be careful · Registering puts the classes on the student's screen right away. Check the days and time once more.

Easy way · For confirmed rows, turn on parent texts and payment scheduling from "⚙ Follow-up".

05

Seeing the class schedule at a glance

Menu · Teachers · Schedule · Weekly schedule

One row = one teacher's week. Coloured cells are classes, empty space is free time.

Follow the red numbers in the picture

- 1 Use "◀ Prev · Today · Next ▶" to choose the week.
- 2 Type a teacher or student name or ID in the search box to narrow the rows.
- 3 Each row is one teacher. Press a coloured cell to see the student and time.
- 4 Press "Find open slots" to leave only the empty cells where a class can go.
- 5 "AI Match" suggests a teacher and time that suit the student.
- 6 It starts Locked. Press it to unlock before you can drag classes around.

Be careful · Moving a class also changes the student's screen and text reminders. Check before you move.

Easy way · For 15 seconds after a move, an "Undo" button appears. Mistakes are easy to fix.

06

Approving postpone / change requests

Menu · Today · Reschedule

Requests from teachers and students — "please move this class" — gather here.

Link Teacher Accounts

Follow the red numbers in the picture

- 1 Set the view box to "Pending only" to see just what needs doing.
- 2 On each row read original time → wanted time · reason.
- 3 If it is fine, press the green "Approve" — the schedule changes by itself.
- 4 If not, press the red "Reject" — please write a reason.

Be careful · If the teacher already has another class then, approval is refused and the reason is shown.

Easy way · The red number next to "Reschedule" in the left menu = requests waiting.

07

Checking student payments

Menu · Finance › Payments › B2C Payments (parent card)

Money that parents pay by card collects here. Who · when · how much — all at a glance.

Follow the red numbers in the picture

- 1 The four boxes at the top — today · this month · number of payments · card fees.
- 2 Choose an agency to see only your branch's payments.
- 3 Enter a start and end date to set the period.
- 4 Type a student name or ID.
- 5 Press the blue "Search".
- 6 Press "Download CSV" to get a spreadsheet file.
- 7 Check payment date · student · method · amount in the table.

Be careful · Refunds are hard to undo. If you are not sure, ask before you press.

Easy way · Money academies send by bank transfer is in the separate "B2B Payments" table just above.

08

Running teacher payroll

Menu · Teachers · Payroll · Automatic payroll

It counts the classes taught in a month and works out the pay. The unit is ₱ (Philippine peso).

Reschedule Requests

Follow the red numbers in the picture

- 1 Choose the year and month to pay.
- 2 Press the blue "Calculate" to see each teacher's classes and amount.
- 3 The line on the right shows teachers · total classes · deductions · final pay.
- 4 Press "Detail" to check every single class.
- 5 Once the money is sent, press "Mark Paid".
- 6 When everything is checked, press "Save All".

Be careful · Deductions are automatic. If an amount looks wrong, open "Detail" before changing it.

Easy way · Press "~~₩~~ Show in KRW" to also see the amount in Korean won at today's rate.

09

Viewing evaluations

How did the child do today — the teacher's note

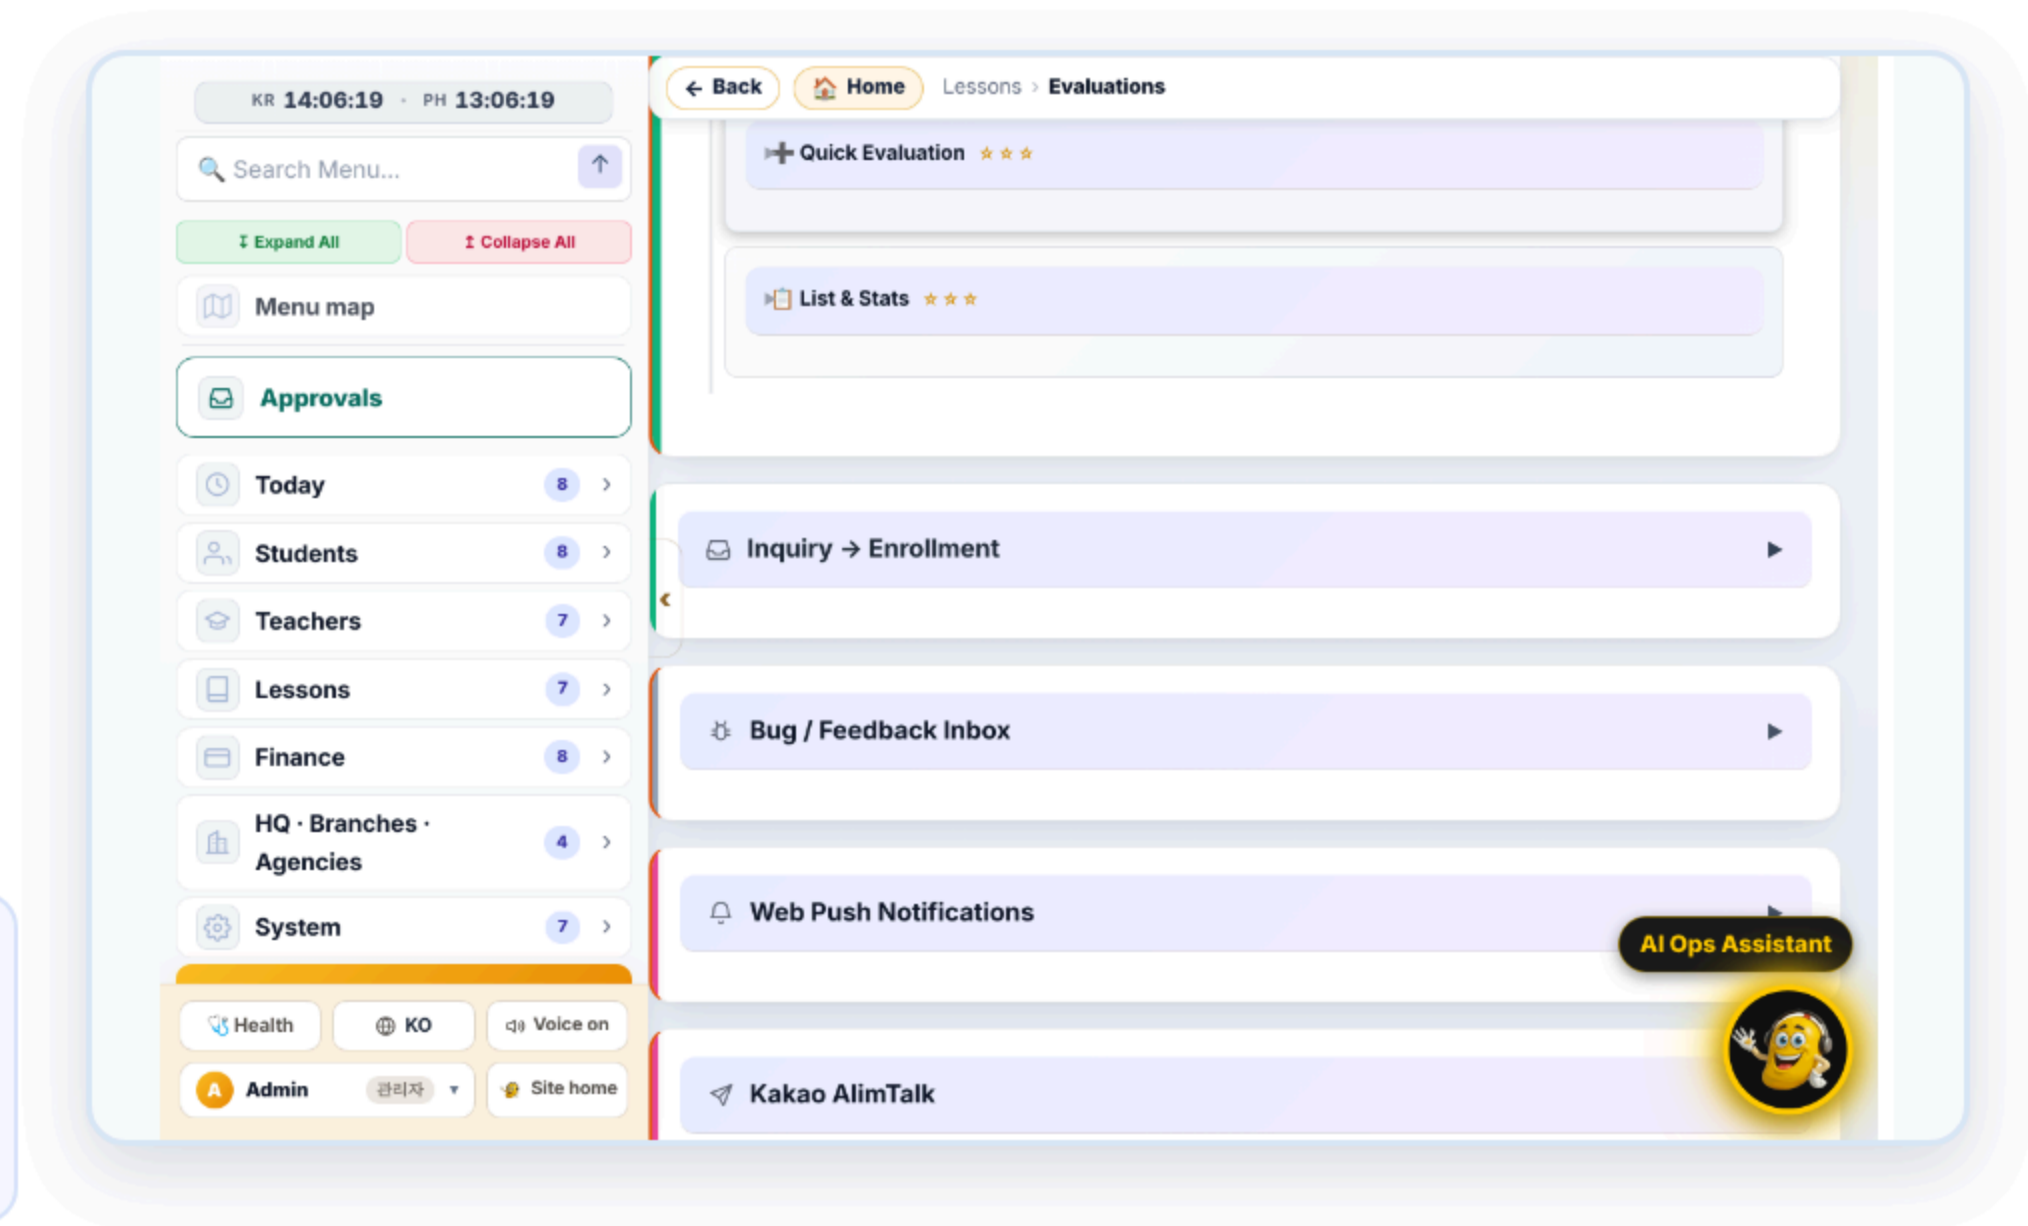

An evaluation is a note the teacher writes after class. It says what the child did well.

Do this

- 1 Press "Lessons" on the left.
- 2 Press "Evaluations".
- 3 In "Student Evaluations", search by name or date.
- 4 Press a row to open it.

Just remember

- Parents can see evaluations too. Be careful when editing.
- No evaluation? Ask that class's teacher.

Easy way • Open "List & Stats" to see at a glance who has not written one yet.

10

Sending a notice

Telling many people at once

A notice reaches parents and students all at once. Do it once and it gets easy.

Do this

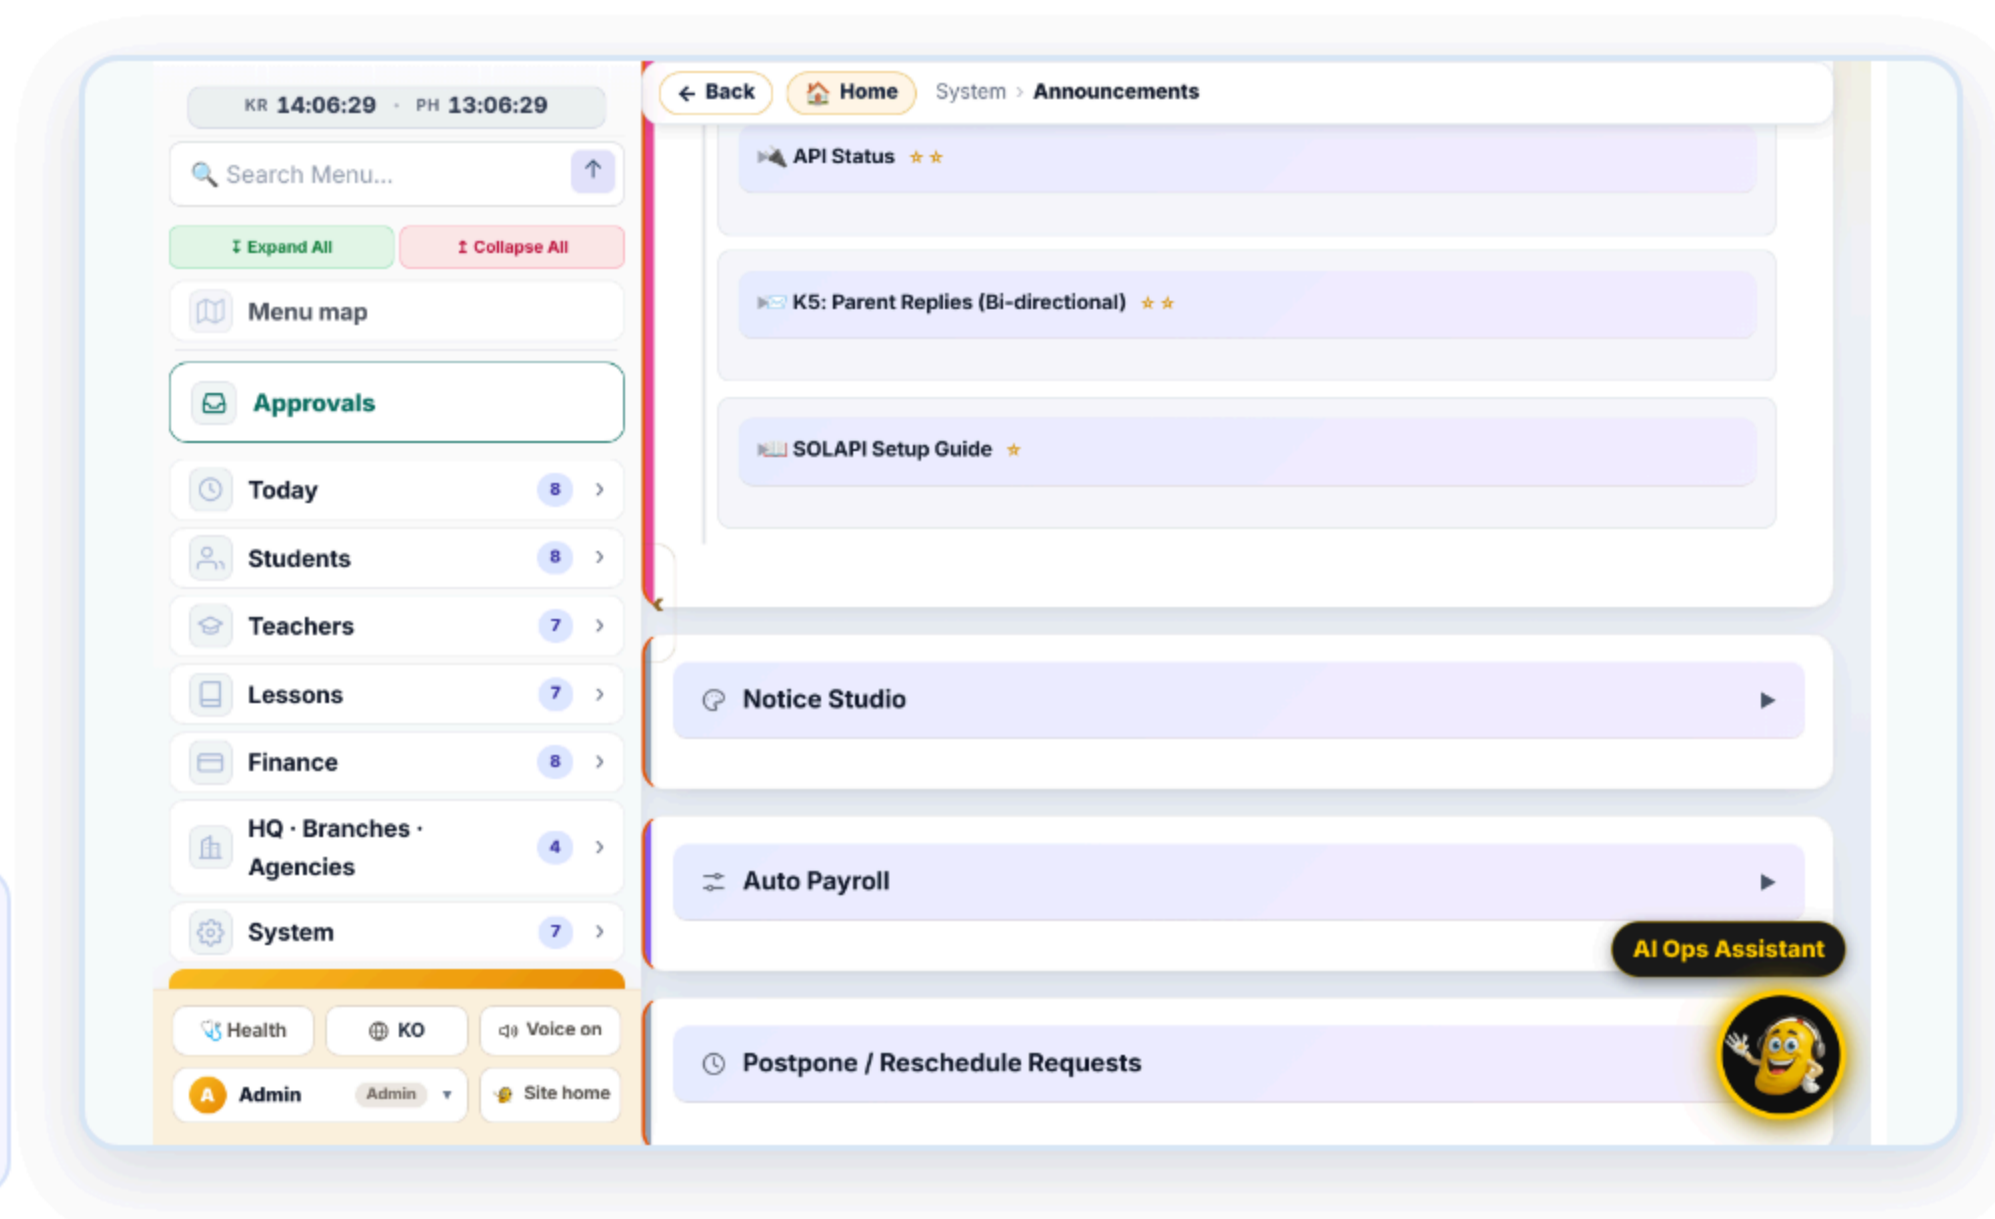

- 1 Press "System" on the left, then "Announcements".
- 2 Choose where to send. (KakaoTalk alert · web push · board)
- 3 Write a title and the message. Shorter is better.
- 4 First send a test to yourself.
- 5 If it looks right, press "Send".

Just remember

- A sent notice cannot be taken back. Read it once more before sending.
- If it is your first time, always send it to yourself first.

Be careful · Never put personal details like phone numbers or addresses in a notice.

Easy way · Send non-urgent notices between 10 a.m. and 8 p.m.

11

Finding students and parents

Everything about one child on one screen

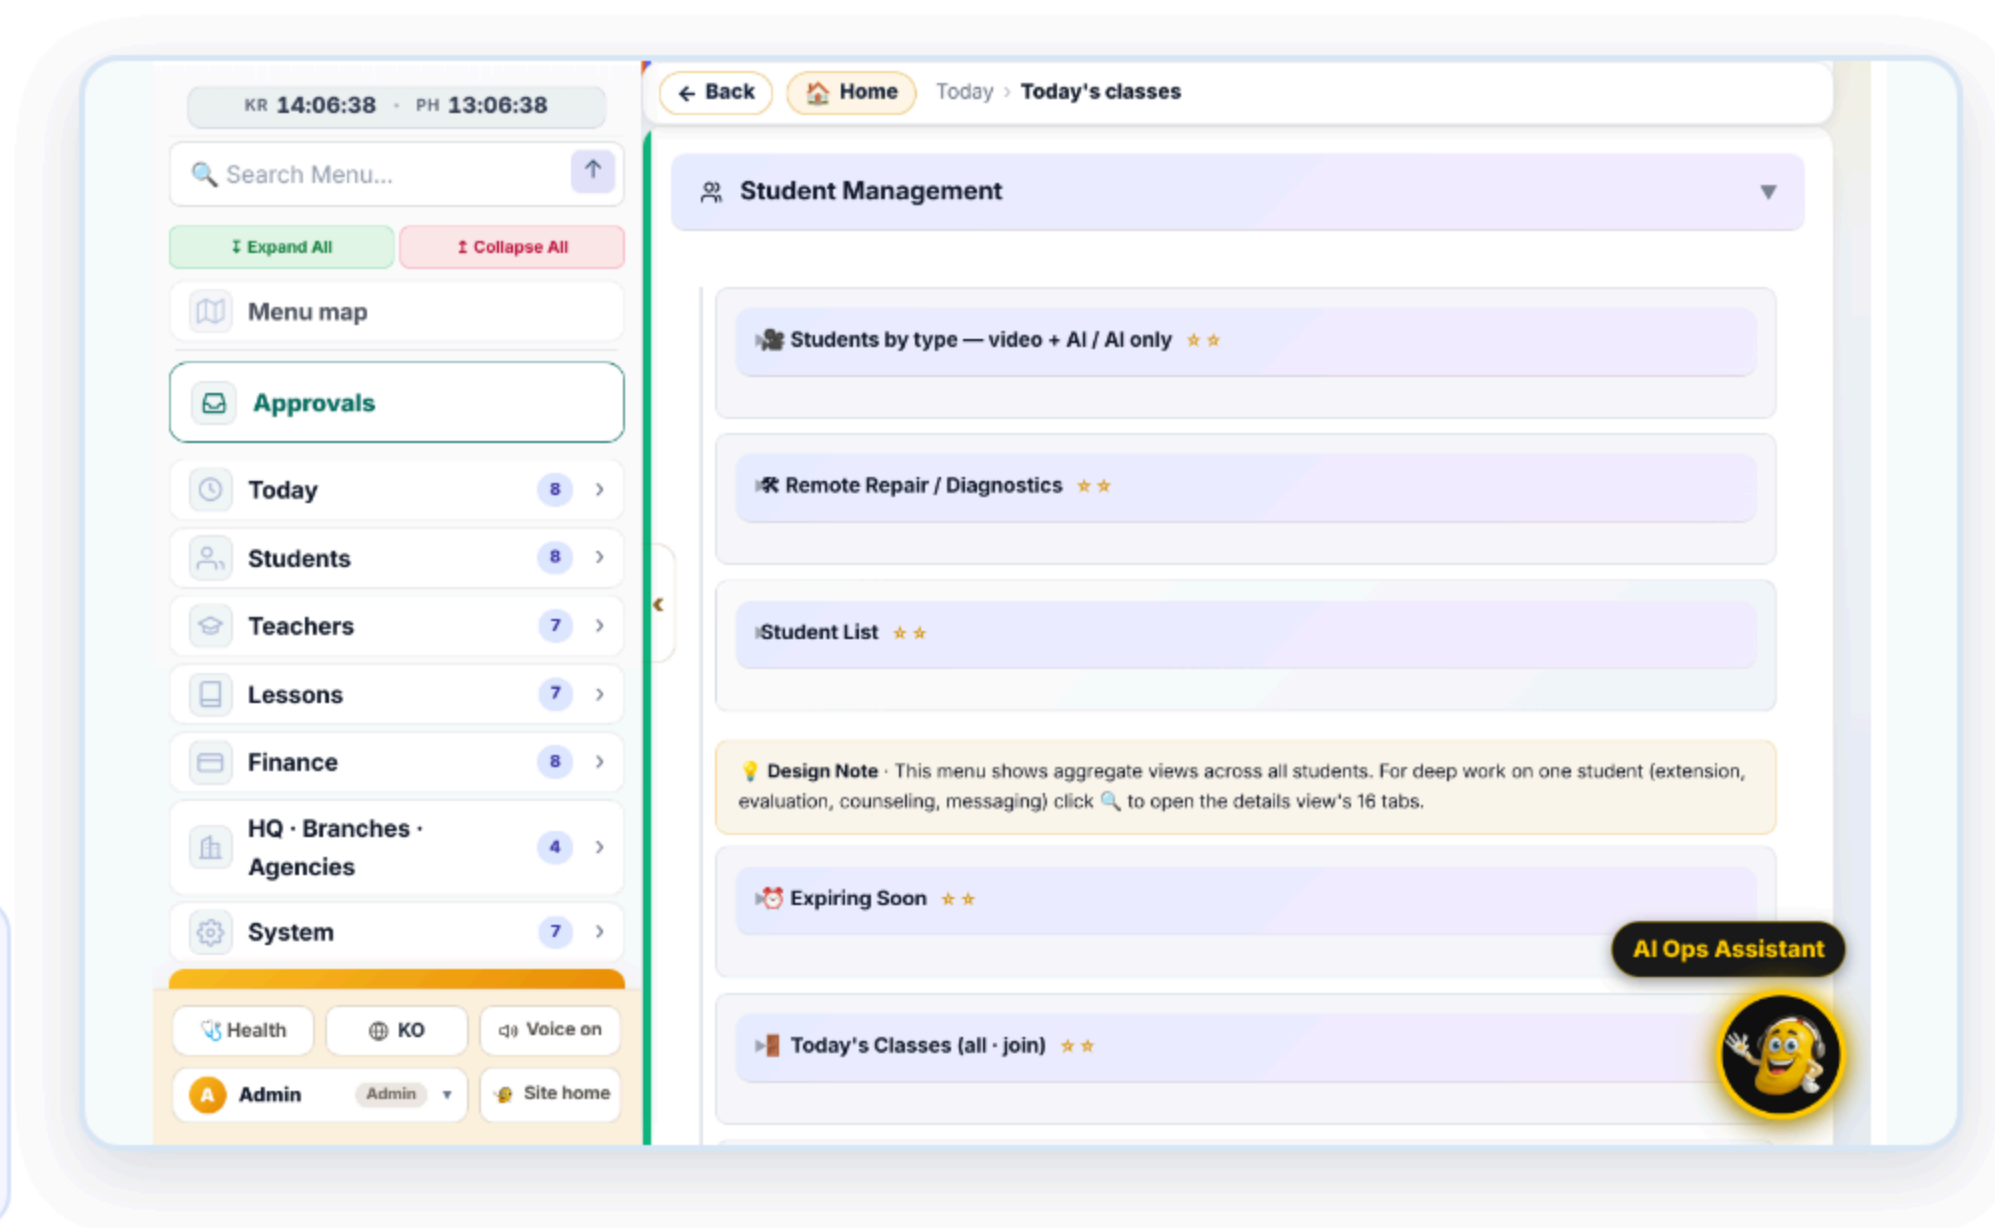

See one student's classes, attendance and payments on a single screen.

Do this

- 1 Press "Students" on the left, then "Students" (the roster).
- 2 Type a name or ID in the search box.
- 3 Press the student's row.
- 4 Classes · attendance · payments appear on one screen.

Just remember

- Not found by name? Try the ID.
- Brothers and sisters can be viewed together in "Family Accounts".

Be careful · Student information is personal data. Do not photograph the screen and send it outside.

12

Sending the parent report

Look how much your child has grown

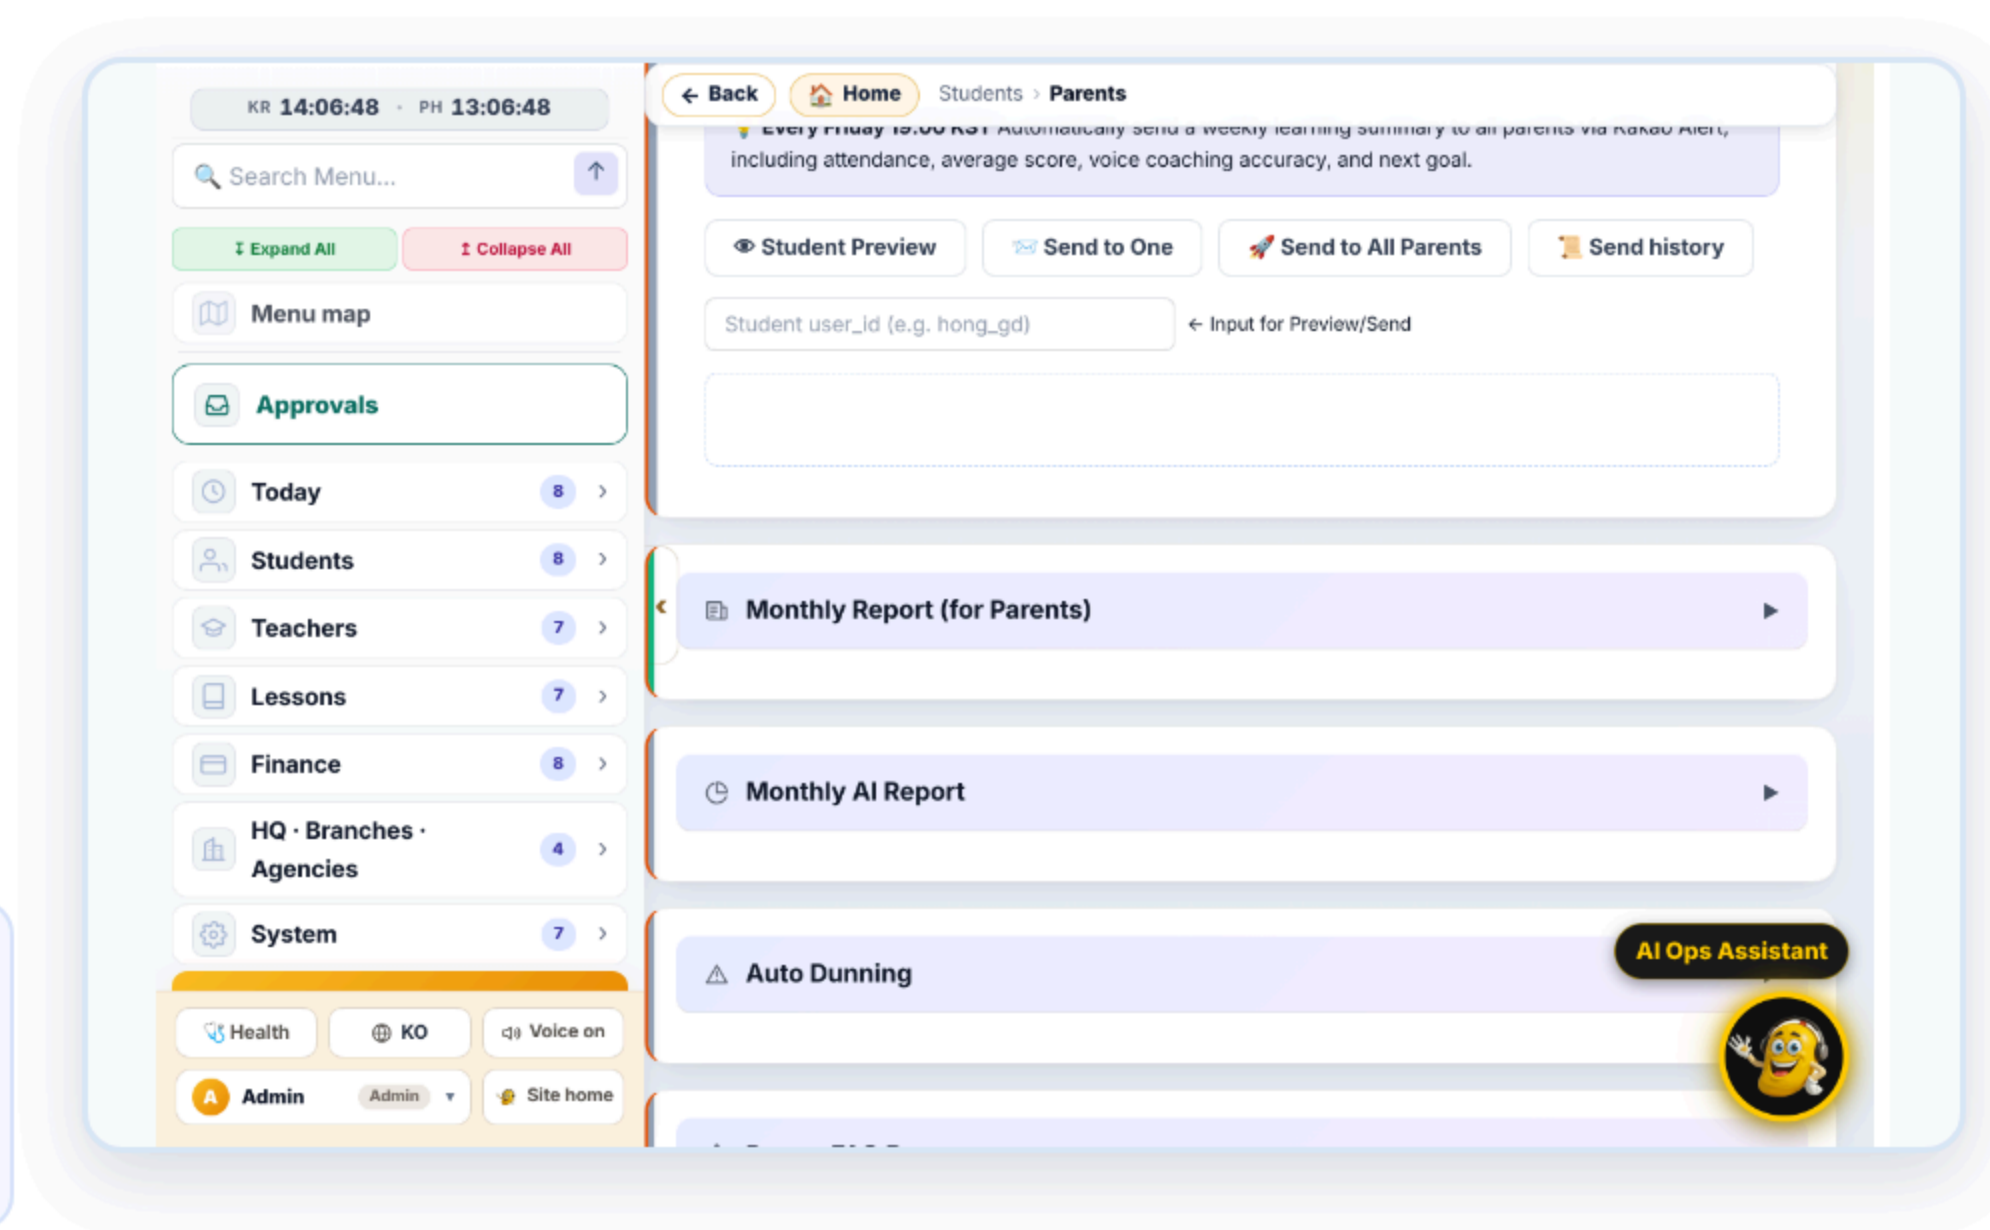

A report is a letter that shows "your child has grown this much". Parents love it.

Do this

- 1 Press "Students" on the left, then "Parents".
- 2 Open "Weekly parent report".
- 3 Choose the student and the period.
- 4 Read it once in the preview.
- 5 Press "Send".

Just remember

- Reports are built from class records by themselves.
- If there is something to be proud of, add one more line.

Easy way • Send it on the same weekday every week and parents will look forward to it.

13

Viewing teachers

Who · when · which classes

This screen shows who each teacher is and when they teach.

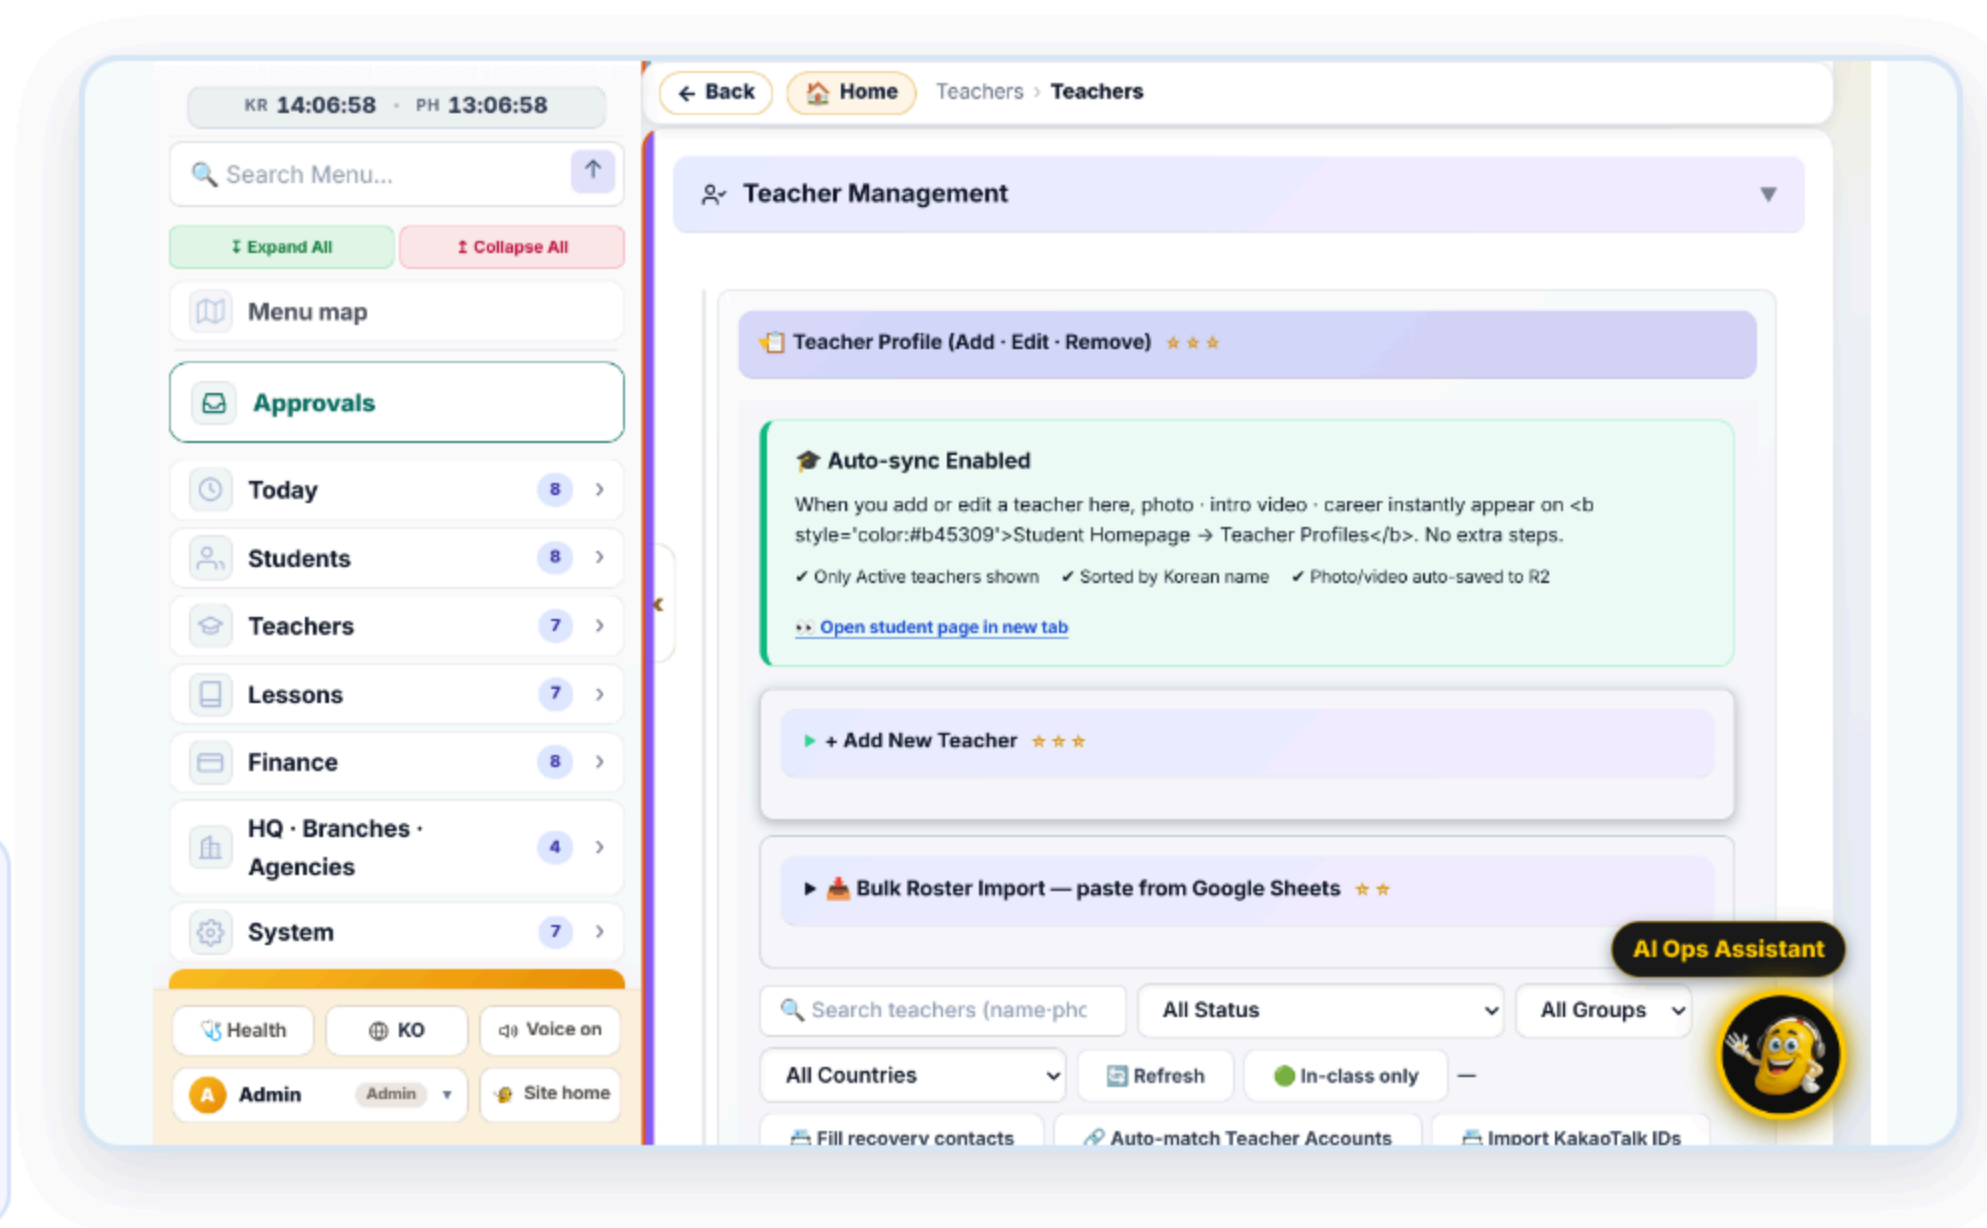

Do this

- 1 Press "Teachers" on the left, then "Teachers" (the roster).
- 2 Search by name.
- 3 Press a row to see contact details and classes.
- 4 For the timetable, use "Schedule".

Just remember

- Teachers have more than one number, which is confusing. Searching by name is safest.
- Pay is in the separate "Payroll" menu.

Easy way • To see whether classes are going well, check the "Lesson log".

14

Getting manuals from the Library

All the manuals are here

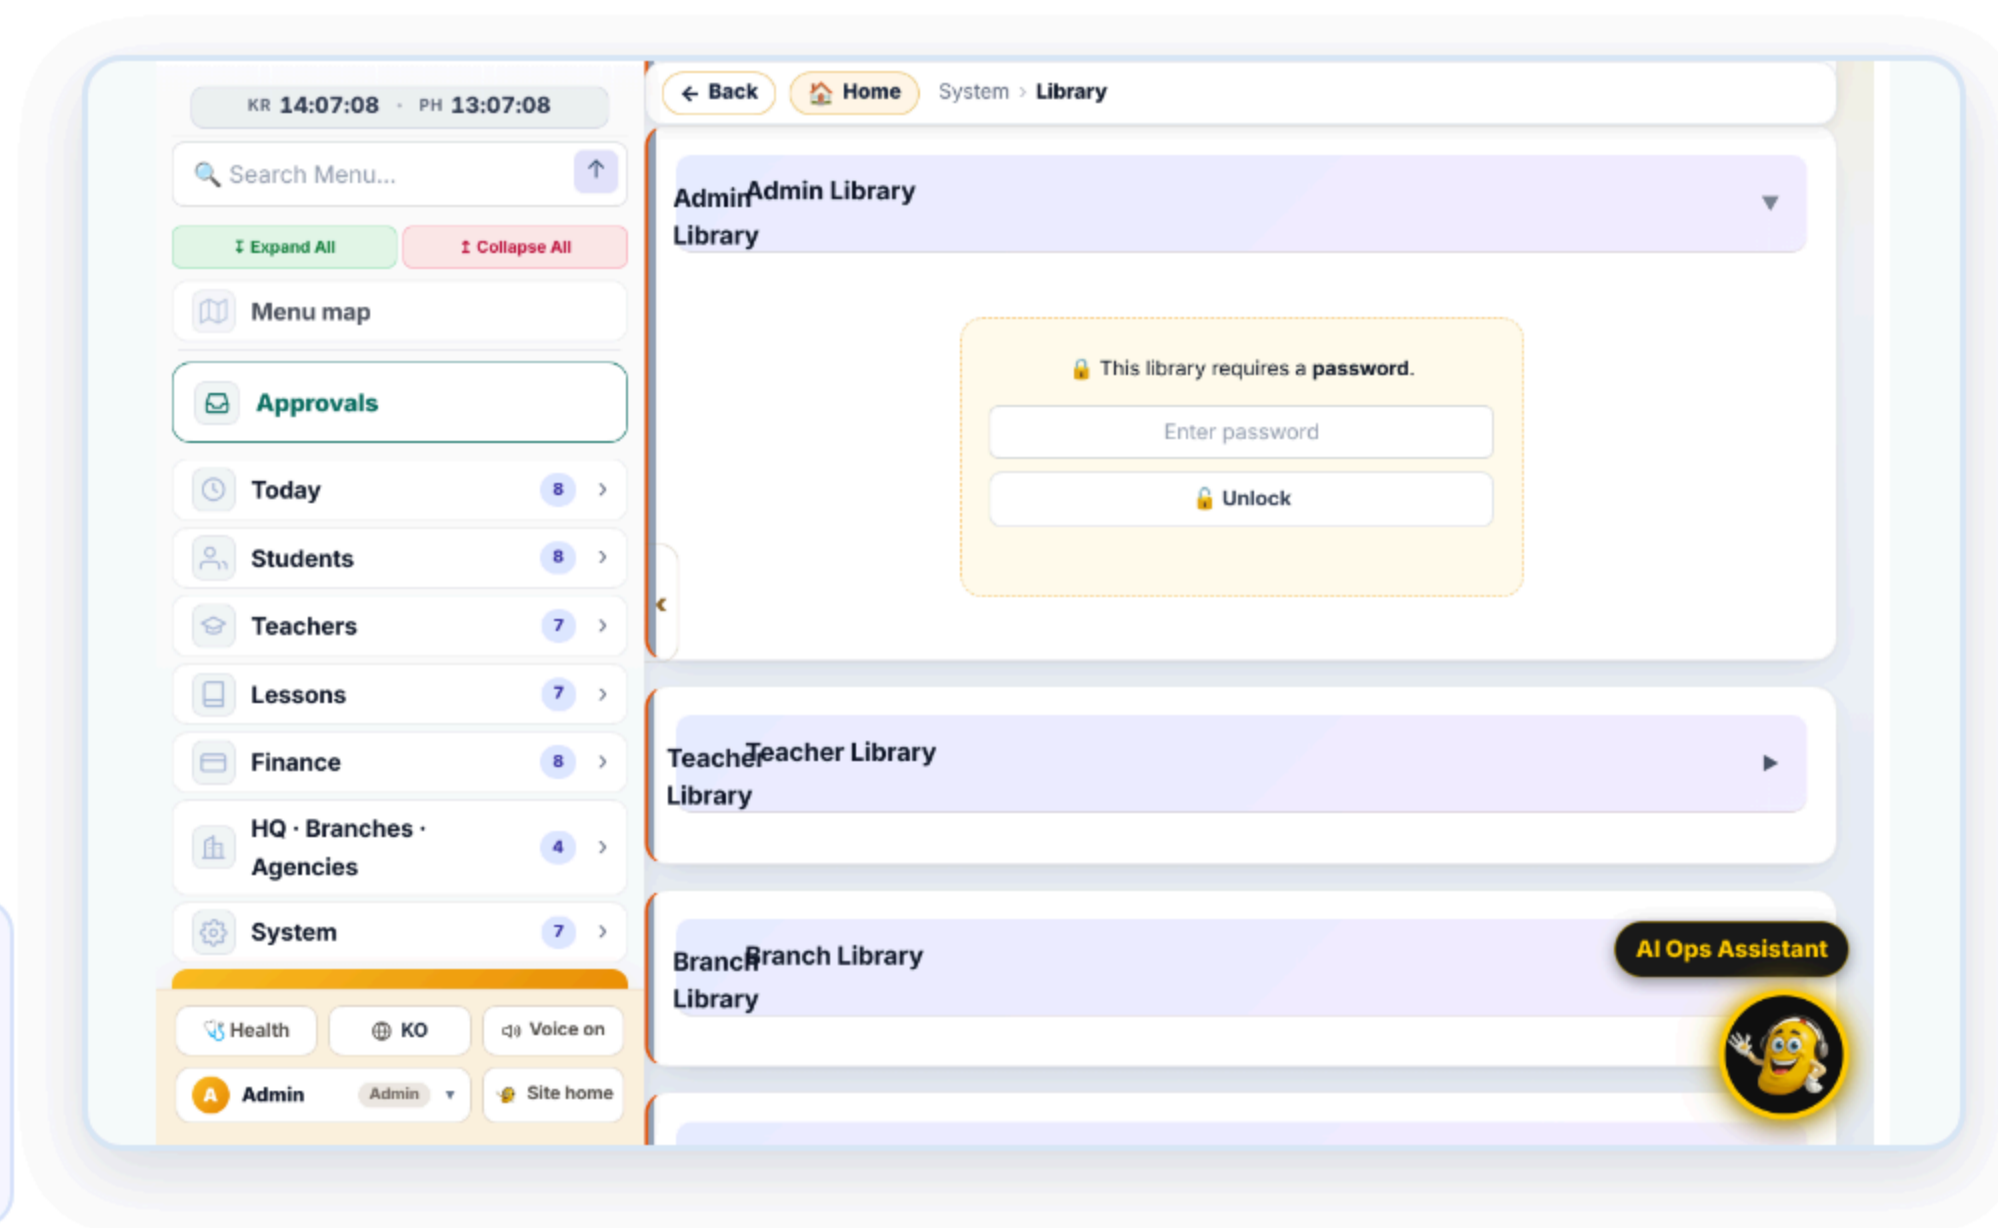

There are more manuals besides this guide. They are all in the Library.

Do this

- 1 Press "System" on the left, then "Library".
- 2 Press "Admin Library".
- 3 Press the file you need to download it.

Just remember

- There are separate libraries for teachers, branches and students.
- Some libraries have a password. If you do not know it, ask HQ.

Easy way • You can also go straight there from the account button at the bottom left ► "Library / user guide".

15

How our home page looks to visitors

Look at it through a parent's eyes

Take a look at the screen parents and students see. You will know what to tell them.

Do this

- 1 Press "Site home" at the very bottom left.
- 2 The first screen students see opens.
- 3 Press Back to return.

Just remember

- The only address to give people is mangoi.ai.
- Give any other address and you will hear "I can't see it".

Easy way • When a parent asks "Where do I go?", just tell them mangoi.ai.

16

Finishing safely

Sign out before closing the window

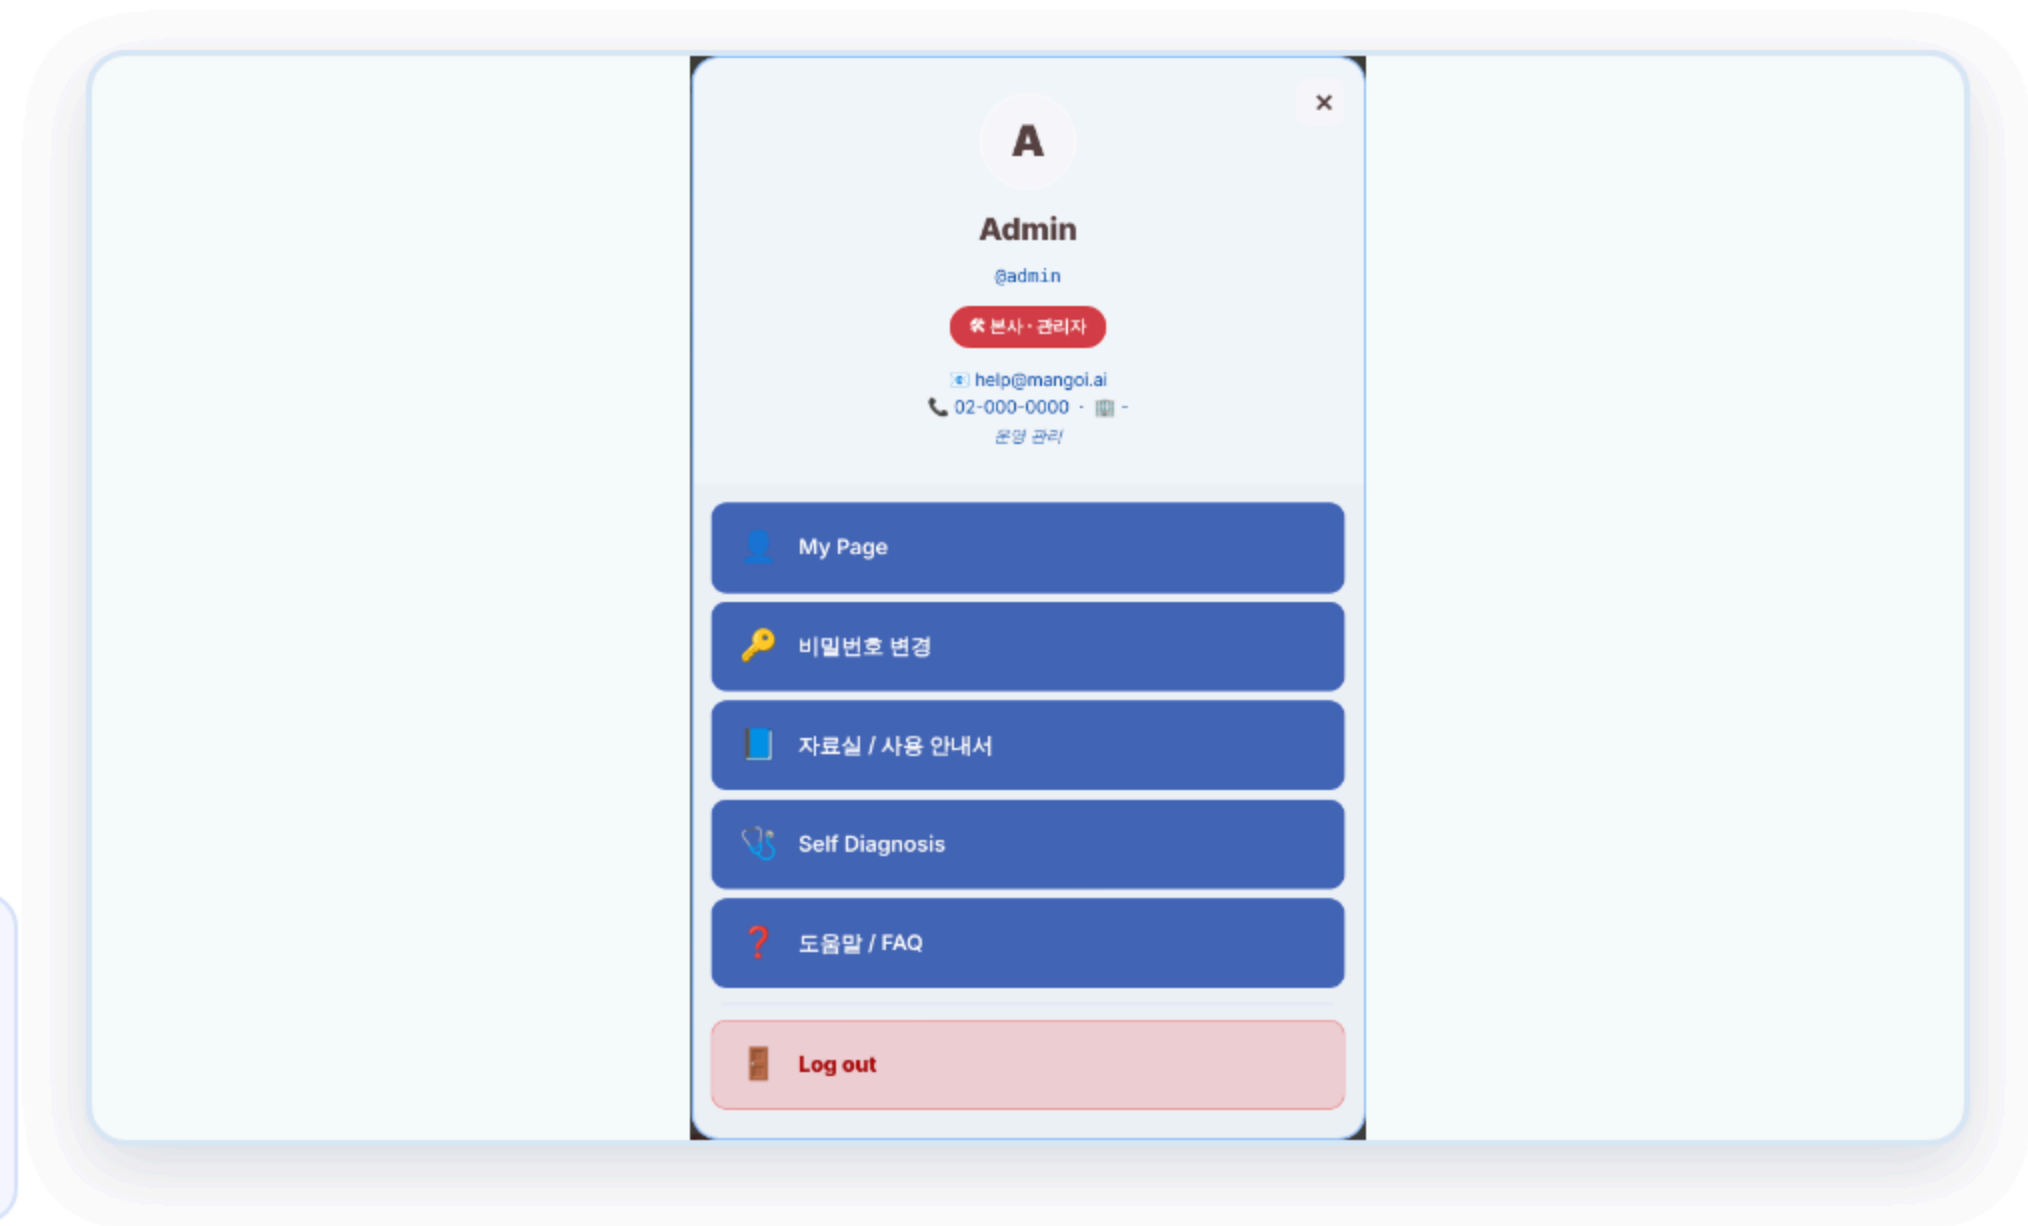

When you are done, do not just close the window. Signing out keeps it safe.

Do this

- 1 Press the account button at the very bottom left.
- 2 When the window opens, press "Log out" at the bottom.
- 3 When you are back at the sign-in screen, you are done.

Just remember

- Change your password with "Change Password" in the same window.
- Never share your password.

Be careful • On a shared computer, always sign out.

Menus at a glance

The left menu has 7 groups. You only need to know what is in each.

Group	What is inside	In a word
Today	Today's classes · attendance · alerts	Everything to do today
Students	Roster · enrollment · parents	Work about the children
Teachers	Roster · schedule · lesson log · payroll	Work about the teachers
Lessons	Evaluations · textbooks · homework · recordings	Things used in class
Finance	Accounting · payments · points	Work about money
HQ · Branches · Agencies	Master branch · branch · agency	Our company's structure
System	Announcements · library · staff & roles	Things for everyone

The number next to a menu name is how many items are inside. Can't find it? Type one word in the search box.

When you get stuck, do this

Do not worry if you see something new. Try these three, in order.

1

Type one word in the search box

The box at the very top left. Just one word, like "notice" or "attendance".

2

Ask the A.i assistant

Press the yellow face at the bottom right. You can ask by voice too.

3

Ask a person

Ask on our KakaoTalk channel
pf.kakao.com/_xlqnSxd.

Always ask before you press these

Refunds

Deleting records

A notice to everyone

Changing someone else's password

Asking and not pressing is always better than pressing without knowing.

Frequently asked questions

Where do I type the address?

The long box at the very top of Chrome — the address bar, not the search box. Type mangoi.ai/admin there and press Enter.

I forgot my password.

Press "Forgot Password" on the sign-in screen. Six digits come by text to your registered number.

There are too many menus.

Type one word in the search box at the top left, like "attendance", "payroll" or "notice".

The screen looks strange.

Press Ctrl and F5 together on the keyboard. That fixes almost everything.

What if I press the wrong thing?

Most actions ask "Are you sure?" once more. Just be careful with payments, refunds and deleting.

Does it work on a phone?

Yes. On a small screen the left menu folds away. Press ≡ to open it.

Just these on day one

You do not have to learn it all today. Try just these six.

☐

Sign in once

Type the address and go in.

☐

Press the star (bookmark)

Next time it is one click.

☐

Type "notice" in the search box

Feel how fast search is.

☐

Find one student

Use a name you know.

☐

Send yourself a test notice

Practice before sending for real.

☐

Press sign out

Learn how to finish, and you are done.

That is enough for day one. The rest comes naturally as you use it.

Remember just three things

You do not need to know the rest. You will pick it up as you go.

Search box

Do not dig through menus — type one word

A.i assistant

Ask the yellow face at the bottom right

Sign out

Always press it before you leave

And one more — if you are not sure, ask before you press.

You're all set!

You can start using it today.

Where to sign in — mangoi.ai/admin

Address for parents — mangoi.ai

Stuck? — KakaoTalk channel pf.kakao.com/_xlqnSxd
