Mangoi · MANGOI

Branch User Guide

Sub-agencies, settlement & performance in one book

 Branch User Guide

What is the Branch Admin Page?

The branch page is where you manage your branch and its sub-agencies with authority delegated by HQ. When you log in, only 'my branch' data (revenue, enrollment, attendance, settlement) is shown automatically. You see your sub-agencies' performance at a glance and process the settlement that flows HQ ↔ branch ↔ agency. The layout is the same as the admin page — only the scope differs.

My-branch scope, automatic

Just log in and see only your branch's data.

Manage sub-agencies

Agency list, performance and recruiting in one place.

HQ→branch→agency settlement

Receipt/distribution auto-calculated by the tree.

Performance reports

Branch/agency performance in a monthly report.

Your Branch Metrics (example)

Revenue (M KRW)		64
Enrolled		980
Sub-agencies		12

01

**Branch Login & Permissions**

Only my branch's data shows

Logging in with a branch account shows only 'my branch' menus and data. HQ-wide or other branches' data isn't visible, so you can focus on your branch with peace of mind.

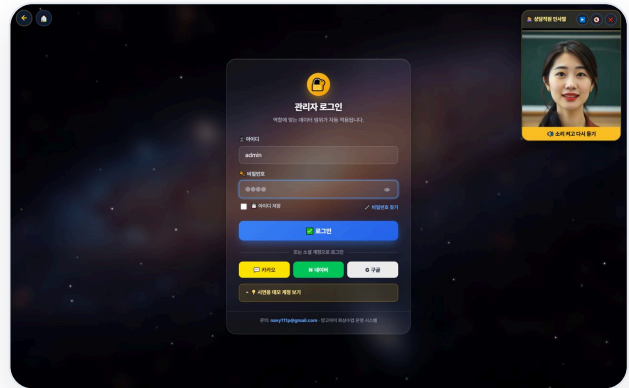

- 1 Log in with **ID and password** (Kakao, Naver, Google also work).
- 2 On login, menus/data for your **role (branch)** are applied automatically.
- 3 Forgot your password? Reset via '**Find password**'.
- 4 You can split **permission scope** among staff.

**Key Points**

- Only your branch and sub-agency data shows.
- Turn on 'Save ID' only on your own trusted PC.

Tip On shared PCs, turn off auto-login and always log out when done.

02

My Page & Admin Dashboard

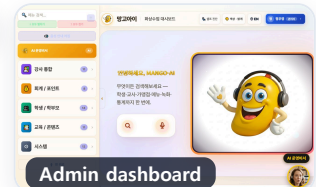

Open the management screen from My Page

Branch operations start from 'My Page.' After logging in, press the  'Admin' button in the My Page menu to enter the branch-scope admin (operations) dashboard, where you manage revenue, enrollment, agencies and settlement.

- 1 After logging in, open ' My Page'.
- 2 Press the  'Admin' button in the My Page menu. (goes to the admin dashboard)
- 3 On the **admin dashboard**, check your branch revenue, enrollment, attendance and sub-agencies.
- 4 My Page also has postpone/change, new inquiry, all-menu, pre-check and more.
- 5 If text looks English, use the **EN** button to switch language.

My Page menu

Admin dashboard

✓ Key Points

- One 'Admin' button takes you straight to the operations dashboard.
- All dashboard data is auto-totaled to 'your branch scope'.
- Menus and data are set automatically by your role (branch).

 **Good to know** My Page and the admin dashboard open only within the logged-in branch account's permission scope.

 **Tip** Each day, spend 5 minutes: My Page → Admin dashboard → check branch metrics.

03

Branch Dashboard

Your branch status at a glance

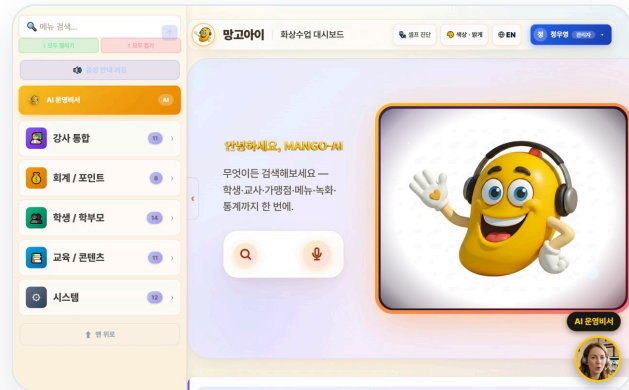

On login, your branch's revenue, enrollment and attendance plus sub-agency status are organized as cards. Type a word in the top search box to jump right to a feature.

- 1 Check **today's revenue, enrollment and attendance** (your branch total) at the top.
- 2 Tap features from the **category cards** (agencies, teachers, accounting, students, content).
- 3 Type a word in the **feature search box** to jump right there.
- 4 The **AI insight** summarizes your branch status.

✓ Key Points

- All numbers are auto-totaled to 'your branch scope'.
- If a feature is hard to find, search is fastest.

💡 **Tip** A 5-minute morning check of branch metrics catches warning signs early.

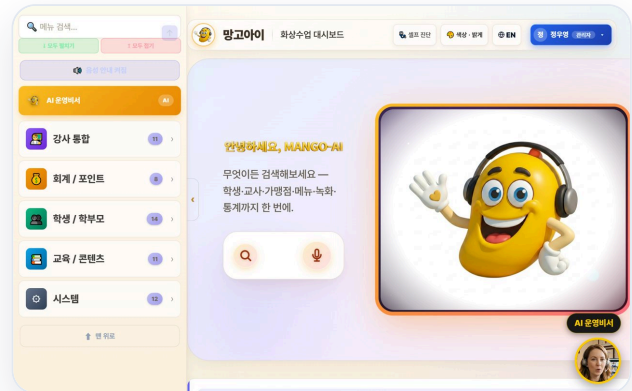

Speak or type into the search/mic and the AI looks up numbers or opens screens within your branch scope. Important actions are confirmed first, and it only does what you're permitted.

- 1 Speak or type into the center **search/mic**. e.g. 'How's the branch revenue this month?'
- 2 The AI **looks up numbers** or **opens a screen**. e.g. 'Open the agency list.'
- 3 Important actions are **confirmed with 'Shall I?'** first.
- 4 The assistant only executes **what you're permitted**.

✓ Key Points

- When busy, voice is much faster.
- Results are limited to your branch scope.

💡 **Tip** Just say 'show me/open ○○' to jump to the screen you want.

05

Manage Sub-agencies

List, performance, recruiting

Manage the agencies under your branch as a list and compare each agency's enrollment, revenue and performance. Recruiting and onboarding new agencies is handled here too.

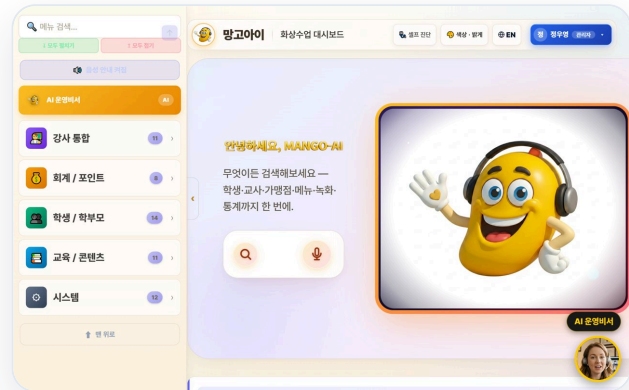

- 1 Check each agency's enrollment, revenue and activity in the **agency list**.
- 2 Compare strong/weak agencies to set **support priorities**.
- 3 Manage **new-agency recruiting/onboarding** progress.
- 4 Set **goals/incentives** per agency if needed.

✓ Key Points

- Link agencies with big performance gaps to coaching/support.
- Share top agencies' methods with the others.

⚠ **Good to know** Agency data is also managed by each agency's own login; the branch sees the whole picture.

💡 **Tip** Sharing a monthly performance report at month-start boosts partner motivation.

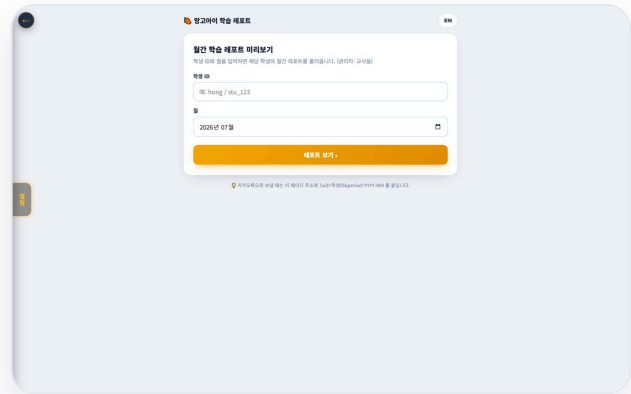

Receive the settlement coming from HQ to your branch and check the amount distributed from the branch to sub-agencies. Revenue and commissions are auto-calculated down the org tree.

- 1 Check **HQ→branch settlement** (received) by month.
- 2 **Branch→agency distribution** is auto-calculated by the tree.
- 3 Review/save the settlement in a **monthly report** (PDF).
- 4 If an item looks off, look up the details to confirm.

✓ Key Points

- Settlement is auto-calculated down the org tree (HQ-branch-agency).
- Distributing the settlement report early builds agency trust.

💡 **Tip** Announcing settlement terms (rate-timing) to agencies in advance reduces disputes.

07

Student · Parent Status

Branch-scope enrollment·attendance·grades

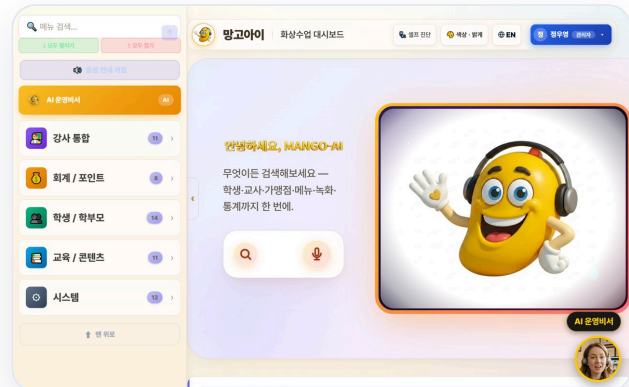

Check the status of students in your branch (enrollment, attendance, grades). View by agency or as a branch total.

- 1 Check branch-scope enrolled students in **Students/Parents**.
- 2 Compare attendance/grades **by agency and overall**.
- 3 Flag students/agencies that need attention.

Key Points

- The student list is linked to real member data.
- At-risk students link to the Retention Center.

Tip Find agencies whose attendance/enrollment is dipping and support them quickly.

08

Payments·Overdue·Refunds (branch)

Branch-scope accounting

Check payments, overdue and refunds in your branch scope and review amounts auto-calculated by policy. Also see collection status by agency.

- 1 Check branch-scope payments/overdue/refunds in **Accounting/Points**.
- 2 Compare **collection rate by agency**.
- 3 Amounts are auto-calculated per the **refund table**.

Key Points

- Strengthen alerts/support for agencies with high overdue.
- Discounted-payment refunds recalc at list price.

Tip Advise agencies with low collection to automate reminders.

09

Branch Retention

Churn risk-contagion-coaching

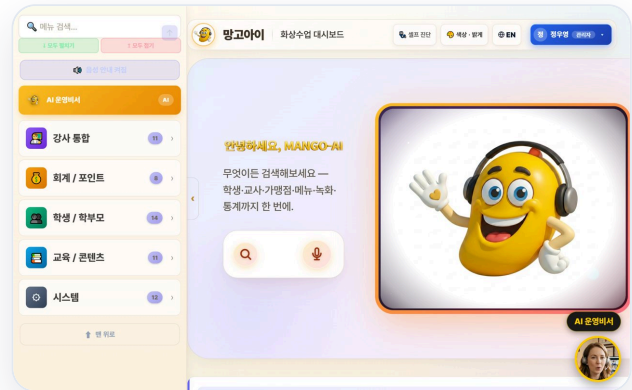

Find at-risk students across your branch/agencies early and prevent chain churn through family/referral. It ties into agency and teacher coaching.

- 1 Find at-risk students/agencies with the **churn-risk graph**.
- 2 Prevent chain churn with the **contagion network**.
- 3 Link high-risk spots to **alert-talk/counseling/coaching**.

✓ Key Points

- Intervening early raises retention.
- Compare churn patterns by agency to support them.

💡 Tip Just caring weekly for the top at-risk agencies/students noticeably cuts churn.

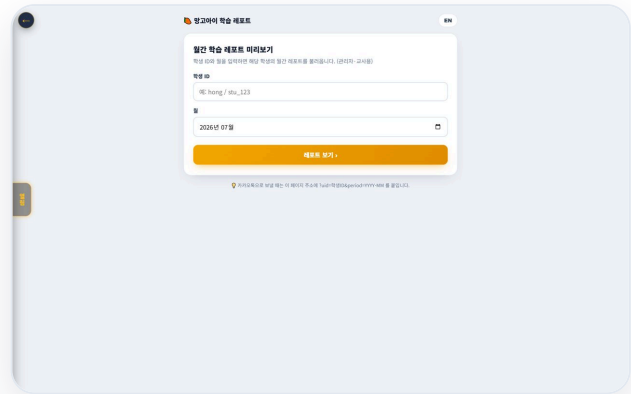

Summarize your branch and sub-agencies' performance in a monthly report. See revenue, enrollment, attendance and settlement at a glance and save/print to share.

- 1 Check branch/agency performance with the **monthly report**.
- 2 **Compare** metrics (revenue·enrollment·attendance·settlement) vs prior month/year.
- 3 Save the report as **print/PDF** to share.

✓ Key Points

- The AI insight helps summarize performance.
- The report also works as agency motivation material.

💡 **Tip** Making monthly report sharing routine keeps branch operations transparent.

11

 Agency Support-Training

Onboarding-ops coaching

Support sub-agencies to operate well with onboarding and ops coaching. Guide the user guide/FAQ/support channels and share best practices.

- 1 Guide new agencies to the **user guide-ops guide**.
- 2 Organize frequent questions into an **FAQ** and distribute.
- 3 Share top-agency cases to **level everyone up**.

 Key Points

- Early onboarding largely decides an agency's success.
- Turn repeat questions into FAQ to cut support load.

 **Tip** Quarterly agency meetings help review performance and pain points together.

12

 Support-Inquiries

Get HQ support

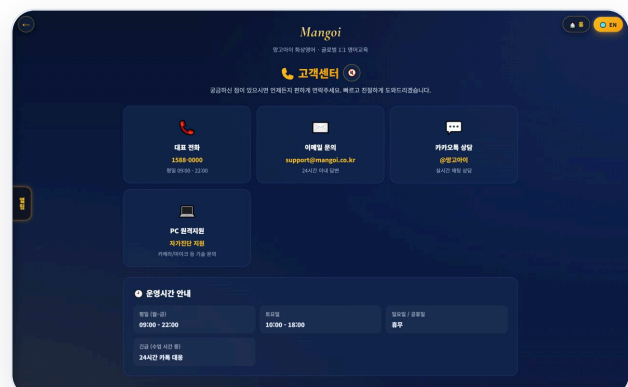

If a problem comes up in operations, contact HQ support channels. System/settlement/policy questions get resolved quickly.

- 1 Use phone, email, Kakao and remote support in **Support**.
- 2 Route settlement/policy questions to the **HQ contact**.
- 3 **Note the fix** for repeat issues.

 Key Points

- System issues resolve fast with remote support.
- Inquiries within business hours are faster.

 **Tip** Compile common inquiries and fixes and share them with agencies too.

13

Korea-Philippines Dual Clock

Two countries' time on screen

A clock on screen shows KR Korea and PH Philippines time together. It lets you check the time difference instantly when coordinating lessons between Philippine teachers and Korean students.

- 1 On the on-screen **dual clock**, see KR Korea and PH Philippines time at once.
- 2 **Drag** the clock to move it anywhere you like.
- 3 **Tap (click)** the clock to go to the home screen.

✓ Key Points

- The Philippines is **1 hour behind** Korea (-1 hour).
- You can check booking/entry times in both countries' time.

💡 **Tip** When a lesson time is confusing due to the time difference, this clock clears it up instantly.

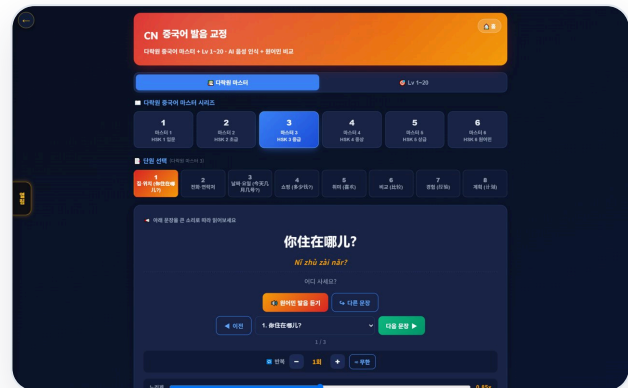

Mangoi offers not only English but also a **Chinese course**. With a Darakwon Chinese Master (Lv 1-20) pronunciation coach (characters+pinyin, AI voice recognition, native comparison), you can attract and manage students who want Chinese.

- 1 In the AI voice coach, pick the **CN Chinese** level (or go to the Chinese pronunciation coach).
- 2 Choose a **Master series (1-6, HSK 1-6)** and a unit.
- 3 Read the sentence (**characters + pinyin**) and compare with '**Play native audio**'.
- 4 Practice hard sounds/tones with **repeat and slow (0.85x)**.

✓ Key Points

- Characters and pinyin appear together, so it's easy to read.
- The AI recognizes your voice and compares it to a native speaker.
- The learning games hub supports Chinese too.

💡 **Tip** Listen slowly and repeat clearly to nail the four tones.

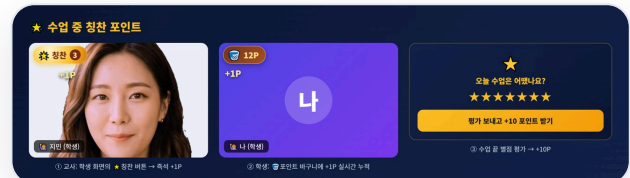

15

🌟 In-class Praise Points (understand & use)

Linked to motivation·re-enrollment

During class the teacher gives 🌟 praise points (+1P) to students on the spot, and an end-of-class rating (+10P) adds up into the student's total points. Points lead to shop/gift rewards, helping motivation and re-enrollment. Your branch understands and uses this flow for performance.

- 1 The **teacher** gives **+1P** via the 🌟 praise button on a student's video during class.
- 2 It accrues live in the student's 🛒 point basket and sums into their total.
- 3 A **post-class star rating** gives the student an extra **+10P**.
- 4 Points connect to **shop/roulette/gift** rewards.

✅ Key Points

- Instant rewards boost participation and re-enrollment.
- Use your branch students' points/reward response as a performance signal.

⚠️ **Good to know** Teachers give praise points; HQ (admin) configures the shop/reward/gift policy.

💡 **Tip** Classes (teachers) where praise points flow well tend to have higher re-enrollment.

This **merges the old 'Poster Maker' and 'Popup Notice' tools into one place.** In the ①**Create** tab you design a notice/event poster, then hand it straight to the ②**Publish-Popup** tab to show it as a **popup** in your branch's student app.

- 1 Go to the admin menu **Notification Center** →  **Notice Studio**.
- 2 In the ①**Create** tab, design a poster with text, images, and video (resize · save on server · reuse).
- 3 Press ' **Publish as popup**' on the finished poster to auto-switch to the ②**Publish-Popup** tab.
- 4 In the publish tab, set the **display period / stop** and publish it as a student-app popup.

Key Points

- Poster creation and popup publishing flow through **one screen, two tabs** — no more confusion.
- Posters you make can be **saved and reused**.
- Whichever route you enter from — AI assistant or sidebar search — the **correct tab opens**.

⚠ Good to know Existing posters/popups are preserved (it was only merged, nothing was deleted).

 **Tip** Promoting an event takes just one flow: 'Create → Publish as popup' right away.

17

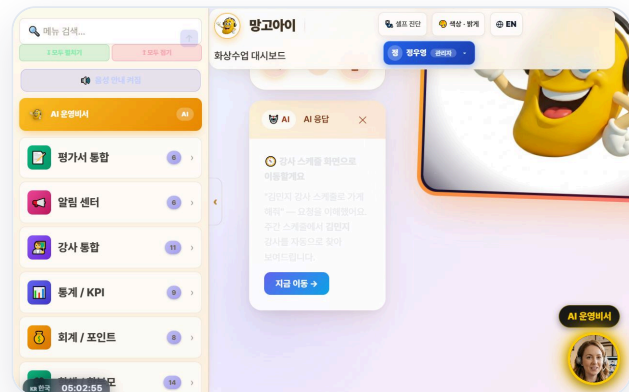

Command the AI Operations Assistant

Navigate with one phrase: "Take me to ○○"

Type what you want to do into the **top search bar (or the bottom-right AI assistant)** in plain language, and the AI understands and **jumps straight to that screen**. It now reliably follows navigation commands like 'Take me to teacher ○○'s schedule' or 'Open auto-scheduling'.

- 1 Type a command in the top **search bar** or speak with the mic.
- 2 e.g. "Take me to teacher Kim Minji's schedule" → auto-finds that teacher in the weekly schedule and opens it.
- 3 e.g. "Open auto-scheduling," "Go to settlement" to navigate menus.
- 4 Press 'Go now →' on the AI response card to move to that screen.

✓ Key Points

- Navigation commands **actually navigate** — far fewer 'explain only, do nothing' replies.
- Searching a schedule by teacher name **auto-fills the search box + filters + scrolls**.
- For data/statistics questions it also helps with **card-style answers**.

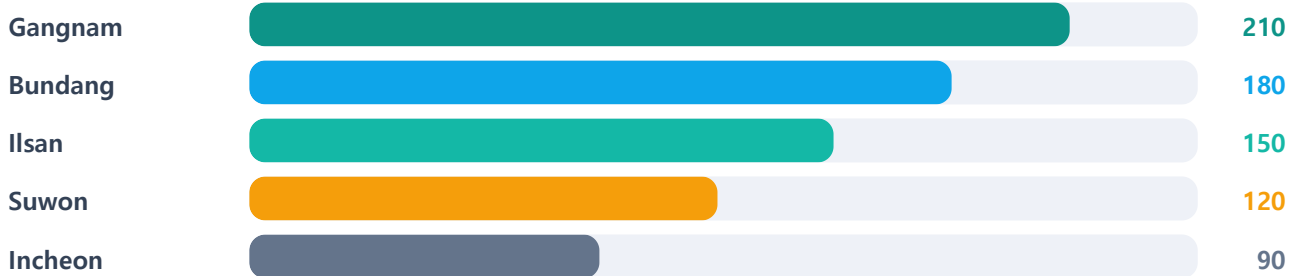

⚠ Good to know Commands that actually change things — 'register · send · modify' — ask for one more confirmation (a safety guard).

💡 Tip When you can't recall a menu name, just say what you want to do — it finds its way there.

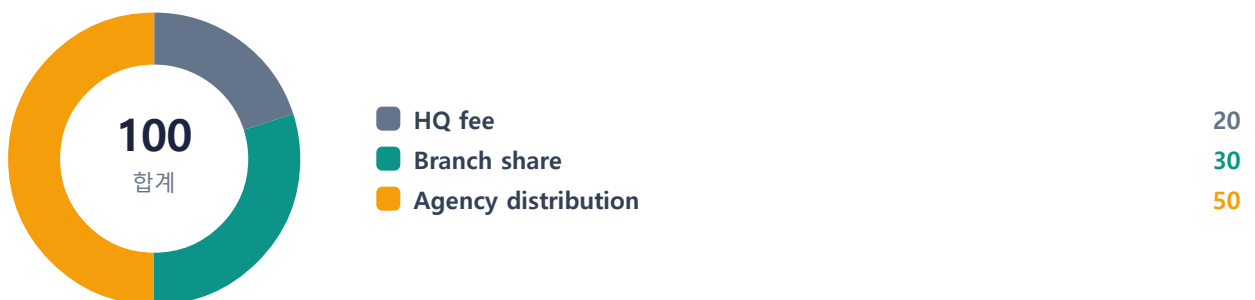

Branch Features at a Glance

Feature	What it does	Scope	Core benefit
Branch dashboard	Revenue-enrollment-attendance	My branch	Quick read
Agency mgmt	List-performance-recruiting	Sub-agencies	Level up
Branch settlement	Receive-distribute auto-calc	HQ↔branch↔agency	Accurate settlement
Students-parents	Enrollment-attendance-grades	Branch scope	Churn prevention
Accounting	Payments-overdue-refunds	Branch scope	Healthy collection
Retention	Churn risk-contagion	Branch-agency	Retention ↑
Monthly report	Performance analysis	Branch-agency	Transparent ops

Enrollment by Agency (example)

Settlement Split (example)

? Frequently Asked Questions (FAQ)

Q. Where do I log in?

A. Log in at admin.mangoi.co.kr. By role (branch), only your branch's data shows automatically.

Q. Can I see other branches' data?

A. No. By permission scope, only your branch and sub-agency data is visible.

Q. How is settlement calculated?

A. Revenue/commissions are auto-calculated down the org tree (HQ→branch→agency). Check the monthly report.

Q. An agency is underperforming.

A. Find causes via retention/accounting/reports and support with onboarding/coaching/incentives; sharing best cases helps.

Q. A system problem occurred.

A. Contact HQ support (phone-email-Kakao-remote) for a quick fix.

✅ Branch Operations Checklist

- ☐ Did you check today's branch revenue/enrollment/attendance?
- ☐ Did you spot and support underperforming agencies?
- ☐ Did you review this month's settlement (receive-distribute)?
- ☐ Did you check overdue/refund items?
- ☐ Did you care for at-risk students/agencies?
- ☐ Did you onboard new agencies?
- ☐ Did you share the monthly report?

 Conclusion

Conclusion · A Practical Guide to Branch Growth

A branch is the bridge between HQ and agencies. Watch your branch metrics, support your agencies to grow, and process settlement transparently — and the whole branch grows together. Keep this rhythm and operations get far more stable.

 The Flow at a Glance

Morning (5 min)

Check revenue/enrollment/attendance on the branch dashboard; read the AI insight

Late morning

Review performance/collection by agency; check overdue/refunds

Afternoon

Support/coach underperforming agencies; care for at-risk students (retention)

Weekly

Onboard new agencies; share best practices

Monthly

Check/distribute HQ→branch→agency settlement; share the monthly report

 Key Principles

- 1 **Metrics, 5 minutes each morning** — catch branch/agency signals early.
- 2 **Agencies as partners** — close performance gaps with coaching/support.
- 3 **Transparent settlement** — announcing terms upfront builds trust.
- 4 **Intervene on churn early** — care for at-risk agencies/students first.
- 5 **Spread best practices** — share top agencies' methods branch-wide.

 Remember

- Log in at admin.mangoi.co.kr; data is auto-limited to **your branch scope**
- Settlement is auto-calculated by the **HQ→branch→agency** tree
- Most field inquiries like 'can't enter' are **browser/permission** issues
- Ops rhythm: '**Check → Support → Settle → Report**'!

A good branch is one that helps its agencies thrive. Read the situation with metrics, support your partners, and keep settlement transparent — and branch and agencies grow together. Questions? Contact HQ support anytime — cheering on your solid branch operations! 🍊

Let's grow together with Mangoi!

Questions? Ask the on-site A.i assistant or contact customer support.
