

How to Use e-Approval — It Takes 3 Minutes

For Mango-i staff and teachers · No more paper forms or KakaoTalk reports — one screen does it all

mangoi.ai/work

1. How to submit — just three taps

1 Open the page

From your phone or PC:

mangoi.ai/work. Log in with your admin ID and you land in your approval box.

2 Pick a category

Tap one of the big buttons. **You never choose who to send it to** — the approval route is automatic.

3 Write, then Submit

Only title and detail are required. Amount and receipt appear for expenses; date fields appear for time off.

2. What you can submit

Category	Use it when	Teachers too	Reply due
Purchase	You need to buy books, supplies or equipment	—	24 hours
Expense	You already paid and want it back (attach receipt)	—	24 hours
HR & Pay	Payroll and HR matters (Korea head office only)	—	48 hours
Complaint	A parent or student has raised a complaint	Yes	24 hours
Urgent	Class stopped, accident — something people must know now	Yes	2 hours
Document	Reports, proposals and other paperwork	—	48 hours
Time off	Leave, sick days, family events (pick the dates)	Yes	24 hours

3. Tips that save you time

One photo of the receipt

The amount and date are read automatically. Picking from your album works too.

Speak it (English)

Say it instead of typing — a draft title and detail are written for you.

“Same as last time”

For a monthly repeat, one tap fills the whole form.

Works with no internet

Your request is kept on the device and sent by itself once you are back online.

Half-written is kept

Close the window and what you wrote is still there (the photo needs retaking).

Time off, entered once

Once approved, bookings for those days are blocked automatically. No calendar entry needed.

4. Good to know

- ❗ **Opening the link inside KakaoTalk may fail to log you in.** Tap “Open in Chrome” and try again (the Kakao browser does not return the login cookie).
- ❗ **Larger amounts need two steps.** Above PHP 5,000 / KRW 120,000 the staff approval is followed by an executive approval.
- ❗ **Late replies are chased automatically.** Past the deadline you are reminded again; after two more days it moves to the executives.
- ❗ **Going on leave or a trip?** Set a stand-in under “Away” (top right) so approvals never stall while you are out.
- ❗ **There is a shortcut in the admin screen.** **NEW** Under “Quality & audit ▶ Report Forms”, preview a form and tap “Submit with this form” — that approval form opens straight away.
