

AI Speaking: Here's How!

Practice speaking English with AI. Just follow steps 1, 2, 3!

1 Get ready

- **Put on earphones with a mic**
- **Sit in a quiet place**
- **Tap [Allow] for the mic**

2 Choose

Textbook practice

Practice what you learned in class

Start →

Real-life situations

Order at a cafe, ask the way

Choose a situation →

AI friend

Talk about what you like

Start chatting →

When you speak Slowly and clearly! Short is OK, just finish.

More handy features

- **Change the voice**
  Change the AI's voice on the practice screen.
- **Speaking speed**
  Too fast? Slow it down on the practice screen.
- **Set once, use everywhere**
  They apply to all 3 practices. "Differs by screen"? Pick one, tap [Confirm].
- **← Home**
  Tap "← Home" (top left) to go back.

3 Set up

Language

Switch screen text between Korean and English. You talk in English.

Level

Too hard? Go down. Too easy? Go up.

Corrections

Free No repeat-after-me. Just keep talking.

Balanced Mostly key mistakes. Repeat sometimes.

Focused Fixes all, says it 3 times, you repeat.

[Confirm] Level and corrections save only after [Confirm]. Language saves right away.

Q Questions

Q My mic doesn't work
Tap the lock by the address bar, allow the mic, then refresh.

Q The AI can't understand me
Hold the mic close and speak slowly.

Q The AI talks too fast
Slow down the speed on the practice screen.

Q It's too hard or too easy
Change the Level by one step and tap [Confirm].

Always remember

- Never tell the AI your **name, address, phone number, school, or passwords**.
- If the AI says something strange, stop and tell your teacher.

For teachers For the first 2 weeks, use Free or Balanced corrections, 10–15 minutes a day.
